Cubans report body of U.S. 'spy pilot' is in ice block

Preserved there for 13 years

DENVER (AP) — Cuban officials told a group of visiting liberal Republicans that the body of an American spy-plane pilot has been preserved in a block of ice for 13 years, one of the Americans said Friday. He said they were not allowed to see the body, however.

Denver attorney John F. Head said the group was told the body could be reclaimed and that Washington knows it exists.

According to the information the Americans received, the pilot's name was "Johnson" and his U2 was shot down in 1963, Head said.

In Washington, a spokesman for the State Department said the only known U2 incident in Cuba concerned a plane piloted by Maj. Rudolf Anderson Jr. of Greenville, S.C. Anderson's spy plane was shot down by surface-to-air missile during the Cuban missile crisis, on Oct. 27, 1962, and his body was returned and buried two months later.

Published reports from that era showed, however, that a U2, a high-flying gliderlike jet reconnaissance plane, was reported lost in the Caribbean on Nov. 20, 1963. That pilot, Capt. Joseph G. Hyde Jr. of Lagrange, Ga., was not found, but pieces of his aircraft were found on Nov. 21 in the Gulf of Mexico, 40 miles northwest of Key West, Fla., and 180 miles north of Cuba. Two weeks later, Air Force investigators said they ruled out the chance the plane was shot down.

Head said an interpreter assigned to the group, Juan Ortega, mentioned the preserved body during a conversation over cocktails in the presence of a foreign ministry officer.

Ortega then said, Head reported: "There's one prisoner down here you can see that nobody wants. He's in a block of ice. In fact, you can take his body home with you."

Ortega then explained about the pilot's body, Head said.

Head said that was on Oct. 6. He said he made repeated appeals to see the body to Ortega and to Cecilia Argudin, head of the American desk in the foreign ministry, as well as to other officials.

Finally, on Oct. 14, after the other members of his delegation had left, Head said he was told by foreign ministry official Reinaldo Legon: "I've checked, and you cannot see the body."

Ford, Carter buy election eve TV time

LOS ANGELES (AP) — The campaign committees of President Ford and Jimmy Carter each have bought a half-hour's time on the three TV networks for election eve broadcasts, the networks said Friday.

The air time, which might be costing the committees as much as $600,000, will preempt NBC's regular Monday movie and an episode of "Executive Suite" on CBS.

ABC said its "Captain and Tennille" variety show at 8 p.m. EST will be pre-empted for the Ford and Carter broadcasts in the East and Central time zones.

It said the broadcasts will start in western areas at about 8:45 p.m. Pacific time after the football game between the Houston Oilers and the Baltimore Colts.

Each network said the back-to-back campaign broadcasts on Monday night would start with the Carter program, followed by the Ford broadcast. Each program lasts 30 minutes.

NBC said the Ford and Carter campaign committees each paid $110,000 for their air time, a total of $220,000. CBS said the price paid by the Ford and Carter committees totaled $200,000.

Blaze forces thousands from homes

SAKATA, Japan (AP) — A raging wind-whipped fire drove thousands of people from their homes and destroyed more than 1,000 shops and houses in this seacoast city in northern Japan, police said Saturday.

Officials reported two persons missing, about 90 others injured and 3,590 left homeless.

The blaze started in a movie theater in a downtown shopping arcade Friday evening. Driven by 43-mile-an-hour winds, it quickly spread to neighboring shops and houses, officials said.

Police said authorities mobilized about 2,000 firemen, 50 fire engines and 400 military troops to fight the fire. It was extinguished about 11 hours after it began.

Police said about 20 persons were in the theater when the fire started, but all of them escaped unharmed. Police said they were investigating the cause of the blaze.

8 dogs recaptured after accident, but 4 are still missing

By ED PRATHER
PB Staff Writer

An intensive search of the vineyards east of Ontario was launched by police Friday night after a traffic accident freed a dozen "killer" guard dogs south of Ontario International Airport.

By 11 p.m. Friday, over five hours after the accident, eight of the 12 dogs that escaped had been captured — but four remained unaccounted for.

Warnings broadcasted on local radio stations and Theta Cable Television brought police numerous calls from residents on the possible location of the dogs still loose.

There were no immediate reports of anyone being injured by the animals, although police said the dogs must be considered dangerous.

Three of the animals were captured when a San Bernardino County Sheriff's helicopter pilot managed to herd the dogs up against a Pomona Freeway fence and held them at bay with his aircraft until handlers arrived to assist.

The dogs, all doberman pinschers and German shepherds, are property of Big J's Guard Dog Service, located at 1386 S. Campus Ave., Ontario.

The firm rents the animals for commercial and industrial use.

It advertises the animals as "trained killer dogs."

The 12 dogs were freed when the one-ton truck carrying 19 of the animals hit a passenger car at the intersection of Mission Boulevard and Archibald Avenue.

Force of the collision stripped the bed of the truck, killing seven animals and releasing the others.

The driver of the truck was identified by police as Gary Taylor, 18, of Pomona.

A second man in the truck, identified by police as Jacie Goudlock, 17, also of Pomona, suffered a broken leg in the accident but still managed to recapture a number of animals at the scene.

The identity of the driver of the other vehicle was not immediately available.

The search for the missing animals included Ontario police, Sheriff's deputies, humane society officers and additional handlers from the guard dog company.

Harris poll: Ford just 1 point back of Carter

NEW YORK (AP) — President Ford has pulled to within one point of Jimmy Carter, according to a Harris Poll done for ABC News.

The poll, released Friday, gives Carter 45 per cent to 44 per cent for Ford. Former Sen. Eugene McCarthy got 4 per cent and 7 per cent was undecided.

The sample consisted of 2,891 eligible voters from 300 precincts around the nation and will be used by ABC for its key precinct samples on election night.

The poll gave Carter a 55-39 lead in the South and a 43-41 lead in the East. Ford had edges of 48-40 in the Midwest and 50-41 in the West.

Pollster Lou Harris said Carter has been losing support among voters who indicated a strong preference for him in previous polls. In a September poll, 46 per cent of those polled felt strongly for him, compared to 36 per cent in the present poll.

Airport fire injures six

DETROIT (AP) — Smoke billowed through a busy terminal at Detroit Metropolitan Airport on Friday, injuring six persons and delaying flights for two hours.

"The smoke was so thick that people did not know where the exits were," said Archie McDonald, operations assistant at the big airport. "I kept yelling to them, 'Follow me and I will lead you to the doors.'"

'Never called for U.S. force alone in Africa'

Hayakawa denies 'troops' remark

SAN FRANCISCO (AP) — U.S. Senate candidate S.I. Hayakawa denied Friday that he ever said the United States should send troops to Africa on its own.

"If any troops are to be sent at all, I would prefer United Nations peacekeeping troops," said Hayakawa, a Republican running against Democratic U.S. Sen. John Tunney.

Hayakawa suggested in his televised debate with Tunney on Wednesday that the United States should work through the United Nations to set up a peace-keeping force if necessary to prevent bloodshed in Africa.

After the debate, he was asked by news reporters what he would do if the United Nations refused to send troops, and he replied that the United States should then work with other countries or, if necessary, on its own.

"If the U.N. is not performing the function, someone must," he said Wednesday. He added, "If necessary, it may require our own peacekeeping troops."

But on Friday, he told reporters: "I never said I would send troops to Africa. I suggested once in a spirit of, should I say speculation, if it would not be a good idea to send something like Seabees to Liberia, which is a friendly nation and which no one is quarelling over, to help build roads and dams and to build their infrastructure."

Asked to specify what his position is on Rhodesia, Hayakawa said he favored multiracial rule of the predominantly black country now ruled by the white minority.

"If it comes to it," Hayakawa said, "I would say we would ask other nations in the U.N., including the Soviet Union, to join with us in a peacekeeping expedition there. But I don't think it's going to come to that. I don't believe the United States should take sides on this."

Hoffa link, 'Tony Pro', wins U.S. court case

NEW YORK (AP) — A judge threw out federal kidnap and murder conspiracy charges against New Jersey Teamsters Union leader Anthony "Tony Pro" Provenzano on Friday, saying the government was 10 years too late with its indictment. Three codefendants also won dismissals.

The four were accused in a 1961 scheme to rub out Anthony "Three Finger Brown" Castellito, secretary-treasurer of Teamsters Local 560 in Union City, N.J., when Provenzano was its president.

The indictment was not returned until last June 22 and U.S. District Court Judge Charles Stewart Jr., ruled that the five-year statute of limitations long since had expired. The statute limits the period during which criminal charges may be lodged against a suspect.

Provenzano was not entirely off the hook, however.

A Justice Department spokesman, William Aronwald, said the dismissal would be appealed. Provenzano also faces state murder charges in Castellito's disappearance. And he is under federal indictment here on kickback charges involving Teamsters pension fund money.

Government interest in Provenzano became intense following the July 30, 1975, disappearance of former Teamsters boss Jimmy Hoffa, who is presumed dead although his body, like Castellito's, never was recovered.

Provenzano reportedly had threatened at one time to kill Hoffa, and he was one of three men Hoffa said he planned to meet at a suburban Detroit restaurant the day Hoffa disappeared. Provenzano denied any knowledge of Hoffa's fate.

White House copied Nixon tapes: Brooks

WASHINGTON (AP) — Rep. Jack Brooks charged Friday that government officials have duplicated some of former President Richard M. Nixon's tapes, but the White House said the copies were only for Nixon's use.

Brooks, chairman of the House Government Operations Committee, said he discovered the copying of the tapes after inquiring about the security arrangements controlling access to the tapes.

"This appears to coincide with the period during which certain questions were raised in Congress and the news media concerning any role President Ford might have played in blocking a congressional investigation of Watergate before the 1972 election," Brooks said.

White House Counsel Philip W. Buchen responded that the copies of the tapes were made at the request of Nixon and were not listened to by anyone at the White House.

Both Brooks and Buchen noted that access to the tapes is strictly controlled by court order.

Buchen said both congressional legislation on ownership of the tapes, and the court order, require that Nixon have access to them.

Brooks said a member of the White House staff was present when the tapes were copied, and Buchen concurred that a staff member was assigned to be present when Secret Service officials made the copy.

A five-day plan to stop smoking clinic will be held at the Ontario Seventh-day Adventist Church in Ontario, Monday through Nov. 5. Sessions will begin at 7:30 p.m.

James W. Wolter, pastor of the Ontario Adventist Church will present the psychological aspect of breaking the smoking habit. Four local doctors will present the physiological side of breaking the smoking habit.

Admission is free, but there is $5 charge for materials used in the session.

The five-day plan is a community service by the Seventh-day Adventist to help smokers to overcome this habit.

"Approximately 70 percent of the participants stop smoking by the end of the week. This can be very encouraging to those desiring to try the plan," said Mr. Wolter.

The plan includes five group therapy sessions films, lectures, demonstrations, the "buddy system," personal control books to follow each day.

During the past three Christmas seasons, the group joined with other local bell choirs to provide accompaniment for the Disneyland Candlelight Procession and Christmas Fantasy.

Members have performed in Orange County for civic groups, churches, retirement communities and for several weddings.

Sly named council pres.

The Rev. Morgan Sly has been elected president of the Pomona Valley Council of Churches at the ninth annual assembly held at Our Lady of the Assumption Catholic Church in Claremont.

Mr. Sly is the pastor of the First Christian Church in Pomona, where he has served since September, 1971. He has served the council for two years as vice president while also serving as president of the Greater Pomona Housing Development Corp.

During his term in this latter office, a proposal for building a 164 unit housing for the elderly has successfully received funding and construction will soon start in Pomona. The organization has close ties to the council since it developed as an offshoot of a social concerns conference sponsored by the Pomona Valley Council of Churches.

In addition to Mr. Sly, other officers were: Mrs. Dawn Hall, vice president; Mrs. La Vurla Miller, secretary; Virgil Wilkinson, treasurer. Department chairmen are: business affairs, Harland Goodrich; Christian education, Charles Tryon; communications, Charles Allen; membership, Dr. Ralph Cobb; social concerns, Dr. Kurtis Naylor, and worship and public events, the Rev. Richard McPherson.

Tribute was paid to retiring president, the Rev. Leland Wilson who has been instrumental in helping the council be an organization "come of age." "Mr. Wilson has worked untiringly to increase its financial support and make it an important entity in the life of the Pomona Valley," said Mrs. Audrey Lightbody, executive director.

Highlighted in the program was the presentation to Msgr. William Barry, pastor of the host church, the Ecumenical Service Award, for outstanding service in presenting to the Pomona Valley his witness to the importance of the ecumenical movement, both in its local ramifications and in larger areas of outreach.

Msgr. Barry led his congregation into becoming the first Roman Catholic church to become a full member of the council, thus opening the way for other churches to join the organization. In addition, he served as chairman of the 1975 Walk for the Hungry, which raised over $34,000 to feed hungry people.

Episcopalians to celebrate centennial in Pomona Valley

One hundred years of Episcopalian presence in the valley will be celebrated by St. Paul's Episcopal Church during the first week of November.

Using as the theme, "Celebrating the Journey — Affirming the Past — Called the Future," the church will observe its centennial in three special events.

On Monday at 7:30 p.m., a Festival Evensong and Concert by the Pasadena Boys' Choir will begin the celebration.

Friday at 7:30 p.m., the observance shifts to a "Celebration of the Lively Arts" with excerpts from four plays performed by the St. Paul's Players and a choral and music program by the choir and local artists.

The celebration will climax Sunday at 10 a.m. with a festival eucharist and reception presided over by the Rt. Rev. Robert C. Rusack, bishop of Los Angeles, and former rectors of St. Paul's.

Throughout the week in the Parish Hall, the church will have a historical display which will seek to portray 100 years of ministry to the Pomona Valley.

All events will take place at the church at 242 E. Alvarado St. "We hope all our friends will join us as we celebrate our journey in faith amongst the people of the Pomona Valley," said the Rev. Warren S. Nyback, 21st Rector of St. Paul's. "We have a history and a heritage of which we can be proud."

Though not offically organized as a mission congregation until 1881, a group of Episcopalians first met in 1876 for worship in the home of the Rev. Charles F. Loop, who had come as a missionary priest to Southern California after starting a mission in Santa Cruz. Mr. Loop had formed a partnership with Alvin R. Meserve and bought 2,000 acres from that part of Rancho San Jose granted to Ygnacio Palomares. The Rev. Peter S. Ruth is listed as the first rector of St. Paul's and it was he who was primarily responsible for firmly establishing the Church in the Pomona Valley.

Phillips Blvd., on Nov. 13 at 7:30 p.m. The New Creations, which is a male quartet, from the Upland, Ontario area, present the gospel in song. Rules for Goblins

All trick-or-treating should be done in the afternoon or between the hours of 6-8 pm.

Parents should accompany groups of trick-or-treaters.

ALL TREATS SHOULD BE TAKEN HOME FOR INSPECTION BEFORE THEY ARE EATEN.

Only young goblins (13 and below) should be encouraged to go trick-or-treating.

Young goblins should wear short, non-flammable costumes which are light in color. For greater visibility, costumes can be decorated with reflective tape that will "glow" in the beam of a car's headlights.

Youngsters should not wear halloween masks, which tend to restrict vision. Colorful facial make-up can be used instead.

Trick-or-treating should be confined to the young goblin's own neighborhood.

Flashlights should be carried for after dark. If a pumpkin is carried, it should be lighted with a flashlight, not a candle.

Hobgoblins should trick-or-treat only at homes with porch lights on.

Follow these pedestrian safety rules:

- Cross only at corners, never between parked cars, never diagonally across an intersection.
- Look in all directions before crossing the street.
- Watch for and obey all traffic lights.
- Walk, never run across the street.
- Use sidewalks, not the street, for walking. If there is no sidewalk, walk on the side of the road facing oncoming traffic.
- Wait on the curb, not in the street, until the street is clear to cross.

Damien downs Scots

By MARK GRIP
PB Correspondent

Damien High, behind by two points at halftime, came back with two touchdowns in the second half to thwart the upset hopes of Upland in a 24-12 victory over the hosts Friday night.

With the win the Spartans remain perfect in San Antonio League play and share the top spot with Garey, both 4-0 in loop play. Damien is 5-1 overall.

The Highlanders, after winning their first league game, have now dropped four consecutive SAL contests.

Upland, with upset in mind, spotted Damien 10 points in the first half, before scoring two touchdowns to take a 12-10 lead at intermission.

That was all she wrote, as Damien came out to score touchdowns in each of the final quarters to ice the win.

The Spartan defense allowed Upland to cross mid-field only once in the second half. That came in the wanning minutes when Upland drove as far as the Damien 43, on the last play of the game.

Down by two, Damien wasted little time in getting the lead back, scoring on its first series of the second half at 8:24 of the third period.

Damien drove four plays from its own 35 yard line, with Jason Wight romping 44 yards for the score. Brian Sullivan added the extra point to put Damien ahead to stay.

With 5:28 left to play, Damien put on the finishing touches on a big fourth down and eight.

Quarterback Dan Marconi hit Leo Burke with a screen pass and the big fullback weaved his way to paydirt. Sullivan booted the point after.

Damien took the opening kick off on its own 40 and marched to a first and goal at the Upland 10. The Spartans had to settle for a 20-yard field goal off the foot of Sullivan, four plays later.

Damien next got on the board with 8:51 left in the first half, on a four yard jolt by Wight. Sullivan added his third PAT of the night.

Sullivan on the evening kicked three PATs, one field goal, and averaged over 58 yards each on five kick offs. The senior placekicker also recovered a fumble following one of his kickoffs.

Upland's two Lindsey brothers, Paul and Doug, scored both Scot TDs in the second quarter.

Runningback Paul scored the first on a 43-yard scamper at 4:48. With 29 seconds left in the half, quarterback Steve Davenport hit Doug with a 26-yard scoring pass. Davenport passes failed both times on tries for two-point conversions.

Both teams piled up over 280 yards total offense each, with Upland taking a three-yard edge.

Davenport led the Highlanders with 108 yards, hitting on nine-of-16 passes.

Fullback Kelly Reifel rushed for 96 yards on 12 carries, and Paul Lindsey carried 11 times for 86 to lead the Upland ground game.

The big offensive story was Marconi who connected on his first seven aerials and went on to complete 12-of-16 passes for 143 yards.

For the season, Marconi has passed for 874 yards and eight touchdowns in four games.

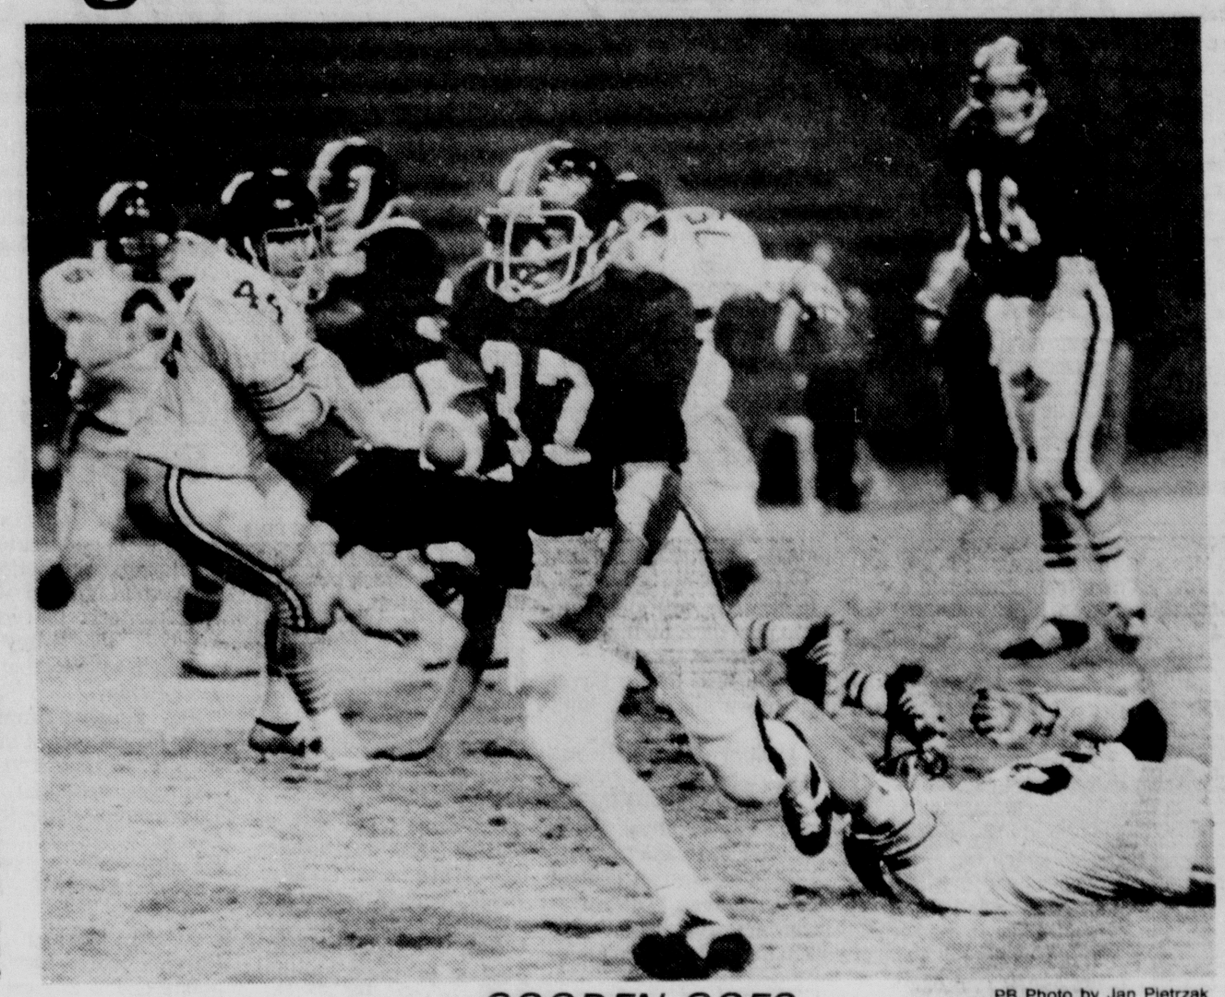

Wight was the game's leading rusher with 113 yards on 15 totes, including two TDs.

Damien will defend its SAL co-championship at home against Chino next week, while Upland will visit Claremont at Citrus College.

Ganesha High's Bennie Gooden, who rushed for 80 yards in the Giants 12-0 win over Montclair Friday night at MSAC, breaks loose for a big gainer.

Ganesha stays near leaders

By MIKE BROSSART
PB Staff Writer

Ganesha High turned the San Antonio League title chase into a three-team affair with a 12-0 win over Montclair Friday night at Mt. San Antonio College's Memorial Stadium.

The third-place Giants, now 4-1 in league play, hold a two-game lead over Montclair and Claremont, the teams tied for fourth place with 2-3 league records.

Garey and Damien still share the lead with 4-0 marks. Ganesha will have a showdown with cross-town rival Garey next week, and coach Garry Norvell felt that accounted for what he called a "mechanical" performance by his Giants Friday night.

"That was a very unemotional ballgame," Norvell said when it was over. "We weren't too fired up so we had to play a pretty mechanical game."

Norvell admitted that it was hard to keep his squad from looking ahead to next week's contest with Garey.

"Everybody was quiet at halftime," he said. "And that just never happens. They're always pretty noisy."

Ganesha's one-two punch of halfbacks Floyd Eddings and Bennie Gooden rushed for 210 yards and the Giant defense did the rest, intercepting two passes and recovering a fumble.

"We were a little bit lucky," said Norvell. "A couple of those turnovers ended Montclair drives." Ganesha's Darryl Shaw intercepted a Cavalier pass at the Ganesha 6 and teammate Derold Andrews pounced on a Montclair fumble on the Giant 22.

"But our defensive backs did a good job," continued Norvell. "Montclair's got some wheels so we were afraid of their passing game."

As it turned out, Ganesha scored a touchdown on its first possession of each half. Eddings thrilled Ganesha's Homecoming crowd with a 55-yard run to the left side on the Giants second play of the game. That run came with 9:03 left in the first period and proved to be all the scoring Ganesha needed.

But Eddings scored again early in the third quarter on a four-yard run. That touchdown ended an eight-play, 76-yard drive that was highlighted by Gooden's runs of 15 and 36 yards, both on third downs.

Statistically, the game was pretty close. Ganesha amassed 213 total yards and Montclair had 175. The Giants earned 11 first downs to the Cavs' nine.

But Ganesha was guilty of just one turnover to Montclair's three. Giant quarterback Joe Madrigal was sacked under a big rush near the end of the first half and coughed up the ball to Montclair's Noel Eieterich on the Ganesha 48. But only 27 seconds remained before intermission and time ran out on the Cavs with the ball on the Giant 32.

Montclair quarterback Darrin Pierce was victimized by two straight interceptions in the second quarter. After Shaw's interception at the Giant 6, Ganesha marched to the Cav 37 before turning over the ball on downs. But Pierce went to the air on first down with 1:01 left in the first half and Ganesha's Earl Jones snared his throw.

Pierce completed six of 13 aerials for 71 yards and ran for 28 more. Kent Gurney, who batted down a potential Giant touchdown pass in the end zone during the second quarter, carried 14 times for 38 yards from his halfback position. Cav fullback Tom Weaver rushed for 39 yards on 10 carries.

Eddings rushed 16 times for his 130 yards and remains the SAL's leading runner with 664 yards in seven games. Gooden's 80 yards came on 14 tries.

Madrigal completed just five of 14 for 20 yards and was not intercepted. Ganesha, which has won four straight games after dropping its first three, will meet Garey Friday at MSAC. Montclair, 3-4 on the year, will host Pomona Friday.

Saints blast Sierra Vista, 41-0

By PAUL CLICK
PB Correspondent

BALDWIN PARK — San Dimas High, leading the Hacienda League at 5-0, capitalized on numerous Sierra Vista first half miscues in rolling up a 41-0 decision over the Dons Friday night at Baldwin Park High.

The Saints quickly put a damper on the Sierra Vista homecoming festivities as Fred Brubaker picked off a Rick Flores' pass and raced 43 yards for the touchdown. Moments later Perry Aris broke the Dons' back with a 70-yard punt return.

Aris gathered the ball in at the Saints' 30 yard line and took off down the left sideline. The only man with a chance of catching Aris (the punter) had run for the other sideline. Aris made the score 21-0 and the Dons' were forced to play out the clock.

Sierra Vista's defense failed to corral the Saints' backfield corps of Bob Pleasant, Don Hargett and Aris. The trio racked up 303 yards between them on 26 totes.

"Our running backs had another terrific night," noted San Dimas' Bob Biaz. "The backs ran well tonight and we got a chance to play some of the people that haven't had much work this year."

Pleasant racked up 133 yards on just eight carries in scoring three touchdowns, but 63 yards came on a run down the left sideline where he put an O.J. Simpson move on the Don defense and cut back to the center of the field before racing 50 yards uncontested. Hargett added 105 yards on seven carries and Aris piled up 65 yards on 12 totes.

The San Dimas defense kept the Dons away from the Saint goal line. The defense entered the game with only 14 points being scored upon it in four league games.

The Saint defensive squad forced Flores to the air as they bottled up Ted Karesseboom. The Saint defensive squad picked off four Flores passes in holding Karesseboom to just 33 yards on 19 carries.

Biaz noted, "Defensively we played a real good game against the Dons. "We were able to get real good field position and we forced them to make several turnovers which helped us tremendously.

"The kicking game went well as Aris return a punt 70 yards for a touchdown," added Biaz.

The Saints held Sierra Vista to just 45 net yards in first half action despite the Dons running 33 plays. San Dimas collected 171 yards on 20 plays.

San Dimas returns to action Friday in an 8 p.m. contest at Chaffey High against Alta Loma.

Bonita keeps CIF playoff hopes alive with 13-7 win

By DAN JOHNS
PB Correspondent

The Bearcats of Bonita High kept their hopes for a playoff berth in CIF alive Friday night by knocking off the Ontario Jaguars, 13-7.

The first six minutes of the contest at Bonita High were spent by both ballclubs trying to maintain possession of the ball, as the Bearcats lost the pigskin once and the Jags lost it twice.

The Bonita squad used the second Ontario turnover to their advantage, driving 21 yards in five plays, with the 'Cats quarterback Sanford Coggins doing the scoring honors.

Ontario had trouble keeping a drive going, a result of the many mistakes the visitors made throughout the night. Not only fumbles (five in all), but penalties were the major cause of the Jags' defeat.

The lone score for Ontario came late in the third quarter, when the Jags, starting on the 50-yard line, ran through Bonita's defense five times and used a Bearcat penalty to get to the 10-yard line.

One play later Tommy Jefferson was in the end zone, and the Ontario fans were finally given something to cheer about.

The game's leading rusher was the Jags' Jefferson who had 89 yards on 22 tries. Bearcat Ray Banker was second, with 69 yards on 13 carries.

Coggins had 56 yards passing and 51 yards rushing, in amassing 107 yards in total offense. He also scored both touchdowns to give him a total of 62 points on the year and bring him within two of the valley's leading scorer, Kevin Morgan.

The Bonita crew improved their Hacienda League mark to 3-2 while Ontario's 2-3 H.L. record just about destroys any playoff hopes the Jags might have had.

Ontario will find themselves at home next Friday night, facing the powerful Walnut High Mustangs, while at "Bearcat Bowl" the 'Cats will have their homecoming against the Gladstone Gladiators.

Don Lugo wins again

Don Lugo High ran its winning streak to 19 in a row Friday night with a 26-12 win over the Pomona High frosh-soph team.

With the win, the "Q's" continue to lead the frosh-soph division of the San Antonio League with a perfect 5-0 mark. Don Lugo is now 7-0 on the year.

Quarterback Bob Malins tossed three touchdown passes, two to Evan Mathews, and Manuel Villalobos ran for a fourth score. Malins finished the night with six completions in nine attempts, good for 197 yards through the air.

Don Lugo will square off against Damien's frosh-soph squad next Thursday afternoon at 3:15 p.m. at Don Lugo in what figures to be the title decider in the SAL. Damien's frosh-soph record is 4-0-1 in league and 4-0-3 on the year.

Palmer, Jones top pitchers

ST. LOUIS (AP) — The Baltimore Orioles' Jim Palmer and San Diego Padres' Randy Jones were named the major leagues' 1976 pitchers of the year by Sporting News, a weekly publication.

Palmer, a right-hander, and Jones, a left-hander, each won 22 games and led their respective leagues in complete games. The voting for the awards was by players.

NFL players not happy with Garvey

WASHINGTON (AP) — An apparent split in the National Football League Players Association has become public with President Dick Anderson and Executive Director Ed Garvey at the head of the opposing factions.

In a letter to the 28 player representatives, Anderson said he did not believe the players' union could ever achieve a collective bargaining agreement with the owners because of Garvey. There has been no agreement since the last contract expired Jan. 31, 1974.

"He wants too many things from them that they will never give up," said Anderson, admitting there was a difference in philosophy among the union members on how to deal with the owners.

"I have been accused of 'selling out' and 'being an owners man.' I would like to be referred to as representing the majority of players in trying to reach an agreement. Ed Garvey wants to win via the courts and has said we must make them come to us, but at this time his communication with them is very poor."

Garvey refused Friday to join into a public dispute with Anderson, saying, "It is an internal matter. While there are differences of opinion within the union that usually is a healthy situation."

The Anderson-Garvey disagreement goes back to the election of the Miami Dolphins' safety as president of the association last March.

At the time, Anderson described his philosophy as "more conservative than radical" and urged that a compromise be reached with the owners in collective bargaining for a new contract.

For the presidency, Anderson defeated Randy Vataha of the New England Patriots, leader of the team's strike a year ago and closely associated with Garvey.

When the players rejected the owners' latest contract offer last summer, Anderson worked with Dan Rooney of the Pittsburgh Steelers in coming up with a compromise agreement.

With the approval of majority of the nine-member executive committee, Anderson called a meeting in Chicago on Aug. 31 to present the compromise to the then 26 board of player representatives in an effort "to sell it to them." The player reps rejected the Anderson-Rooney compromise and refused to submit it to the membership for a vote.

Afterwards, Anderson supporters on the executive committee, such as Fred Willis and Skip Butler of the Houston Oilers, blasted Garvey for not permitting a membership vote on the Anderson-Rooney compromise.

In a letter to the players on Sept. 22, Len Hauss of the Washington Redskins and Gene Upshaw of Oakland, the union's vice presidents, defended Garvey's role.

Rams' Knox still hasn't decided on starting QB

LONG BEACH, Calif. (AP) — Los Angeles Ram Coach Chuck Knox again declined to name a starting quarterback Friday, saying he wouldn't make that decision until this morning.

Knox' three signal callers — James Harris, Ron Jaworski and Pat Haden — all have suffered various injuries this year, with Harris still out with a shoulder injury.

Knox had said that Thursday he would name which man — Jaworski or Haden — would start against Seattle on Sunday. But Thursday afternoon Knox delayed that announcement, saying he would do so Friday.

It was thought Knox might select the rookie Haden to start for the National Football League club against the Seahawks.

But after Knox looked at films of Thursday's practice session with both men directing the offense, he again put off choosing between the former University of Southern California star and the veteran Jaworski, who is still nursing an injured arm.

Harris, the No. 1 Ram quarterback, injured his shoulder in a 16-0 loss to the San Francisco 49ers two weeks ago.

Jaworski was injured at the time, but he recovered sufficiently and started against New Orleans last week. Haden then came in in the second half and, with the score tied 10-10, he connected with Harold Jackson on a touchdown pass that won the game 16-10.

West is a winner in Lakers' opener

INGLEWOOD — Jerry West debuted as a winner in his first home appearance of the regular NBA season Friday night at the Forum

Led by Kareem Abdul Jabbar's 29 points, 23 rebounds and five blocked shots, the Lakers thumped the visiting Atlanta Hawks, 118-101.

A rag tag team aside from Jabbar and Cazzie Russell, the 1976-77 Lakers displayed a lot of hustle and desire as well as a willingness to work together.

West used everybody but Connie Warner from his 12-man squad. Mack Calvin came off the bench to score 20 points in 17 minutes. Russell chipped in 17, Don Ford and Bo Lamar had 12 each.

"The thing I've told the guys from the start," West said, "is that the ones who want to play are going to play and that means putting out 100 percent all the time."

One of them is Russell who was mis-used last year when he would play a game or two and then sit down five or six. The Cazzie man played what may have been his best defensive game as a Laker. West had an explanation.

"I feel that by positioning people, individual players are helped defensively," West said. "Cazzie did a lot of things tonight and he's going to play a lot this year."

The home opener of the season generated a great wave of apathy in Los Angeles. The announced paid attendance was only 9,752 and about 2,552 of those were dressed as empty seats.

Lukan draws; still champion

LOS ANGELES (AP) — North American Featherweight Champion Manny Lukan, of San Diego, retained his title Friday night by virtue of the "tie goes to the champion" rule when he boxed to a 12-round draw with Miguel Meza, of Mexico.

The fighters also had a draw at the noon weigh-in, with both men at 126 pounds.

Covina Republican **LOUIS BRUTOCAO**, candidate in the 35th Congressional District race, has filed a complaint with the Federal Election Commission against Time Inc., over literature distributed by the **REP. JIM LLOYD**, D-35th District, campaign committee.

The literature in question shows Lloyd in a work pose on what resembles a Time magazine cover photograph.

Brutocao claimed the literature, which he said was printed in Pomona, violates fair campaign practices. Lloyd said the material was printed and distributed without his prior knowledge. He ordered it stopped and said it had been distributed at a private party with a notice identifying it as a publication of the reelection committee.

More than 250 people, including Rams quarterback Pat Haden, attended a pre-election party Thursday at Covina Bowl for **LOUIS BRUTOCAO**, Republican candidate in the 35th Congressional District.

Vitamin C: agent to stop cancer?

WASHINGTON (AP) — Researchers in the United States are testing the effectiveness of Vitamin C in arresting the growth of cancerous tumors, says a National Cancer Institute scientist.

Dr. Paul Chretien, chief of tumor immunology in NCI's surgical branch, has said that institute research has shown that Vitamin C given to healthy patients stimulates the body's defense system "and this usually means an increased immune response."

The findings add support to a study conducted in Scotland by Nobel Laureate Dr. Linus Pauling and Dr. Evan Camero which says that terminal cancer patients live about four times longer after taking large doses of Vitamin C.

In a report published in Proceedings of the National Academy of Sciences, the researchers said the mean survival time of 100 dying cancer patients who took the vitamin was more than 210 days after they were declared untreatable by conventional therapy.

This compared with a mean survival time of 50 days for 1,000 terminal patients who were used as study controls because they did not receive the vitamin.

"It is possible they (Pauling and Cameron) did arrest the progress of tumor growth with massive doses of Vitamin C," Chretien commented.

Several researchers recently began testing Vitamin C on cancer patients to see if this is true, he said.

Greek switches

NEW YORK (AP) — Jimmy the Greek has switched his presidential election odds from favoring former Gov. Jimmy Carter to President Ford.

Last week, the oddmaker said Friday, his odds were 6-5 for a Carter victory. Now they are 6-5 for Ford.

The change was based on poll results in Ohio, Florida, Texas, New Jersey, New York and Illinois, he said.

These results, he added put Carter ahead 45-43, with the rest undecided, a week ago. Now the two candidates are evenly preferred 46-46, Snyder added.

Plane flips, damaged in 'practice landing'

A flying instructor and his student walked away from the wreckage of their light plane in Etiwanda Friday afternoon after the plane flipped over as they were practicing emergency landing techniques.

Neither the pilot nor student suffered injury, but the aircraft, which is based at Brackett Field in La Verne, sustained major damage.

San Bernardino Sheriff's deputies identified the pilot as Thomas Borgardt, 35, of La Puente, and the student as Allen Degner, 47, of Cucamonga.

The site of the crash was the north end of Etiwanda Avenue just a half-mile south of Power Line Road. It occurred at about 2:30 p.m.

Deputies gave this account:

Borgardt was instructing Degner in emergency landing procedures when Degner made a mistake that apparently allowed the craft to lose power.

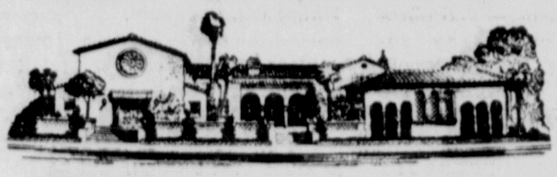

The instructor took control of the plane and attempted to regain power, but was unable to avoid setting the plane down on the rough terrain.

The Cessna 150 traveled a short distance on its wheels before the nose gear struck some rocks and the plane flipped over.

It is expected that the plane will be dismantled for removal from the site.

Claremont animal control program may face curtailment due to deficit

By GEORGE MacLAREN
PB Staff Writer

Beginning July 1, the City of Claremont may face a curtailed animal control program by the Humane Society of Pomona Valley.

Humane Society Executive Director Bruce Richards in a letter to Mayor Bertye Smith warned that the society's animal control program in Claremont has operated at a deficit the past three years.

Richards stressed that the principal factor for the deficit has been the increasing number of unclaimed animals the society impounded on Claremont streets.

Richards reported that during the past year ending June 30 animal control officers impounded 450 dogs in Claremont, of which 256 were redeemed by owners.

The society received $3,840 in impound fees for redeemed dogs, Richards said, but the 194 dogs not redeemed cost the society $2,910 to pick up the dogs and to feed them for up to 72 hours.

Richards said that after 72 hours the society may decide to put them up for adoption.

Richards reported that officers also picked up 188 cats in Claremont, of which only four were redeemed by their owners.

The unclaimed cats cost the society a deficit of $368, Richards reported.

Richards said the society was burdened by still another $3,549 deficit because patrol officers picked up disposed of 511 dead cats and dogs during 1975-76.

He reported that owners claimed and paid the $7 cost for only four animals.

Richards stressed that in order for the society to provide a total response for an animal control program in Claremont, including man hours of control officers, cost of office staff, equipment, and kennelmen would cost $29,701.69 for Claremont.

Richards said that the total income from fees and licenses sold to Claremont residents comes to $23,015.50, a deficit of $6,686.19.

"I don't know how long we can continue to run this program on a deficit basis," Richards commented.

He pointed out that the deficit for Claremont in 1974-75 was $3,161.02.

Noting that the local dog license fee of $4 for spayed animals and $8 for unspayed animals is the lowest in either Los Angeles or San Bernardino counties, Richards said that increasing the license fee would not be a solution, and at best only a stopgap measure.

Richards stressed that the Humane Society has been forced to lay off seven persons over the past two years because it couldn't meet its budget.

He said the animal control program is designed to give Claremont the best service possible under the strain of higher operating costs, reduced personnel and limited funds.

"Meeting these limitations will clearly reduce staff hours and patrol for pickup of strays and violations of the leash law, door-to-door license checking, and availability of personnel to monitor reported violations of the city's dogbarking ordinance," Richards said.

Still another expense which the society must bear because of state law is the paying of medical fees for treatment of all unclaimed injured animals.

"Last year," Richards said, "We paid medical bills for 56 injured animals picked up on Claremont streets and not claimed by their owners."

Richards said that the bills amounted to $352, with only two owners coming after their animals.

Speaking of Claremont's leash law, Richards explained the leash law problem is "pretty much under control."

Richards said that although 75 per cent of Claremont dogs are licensed, half of them are not wearing collars when picked up.

Richards said that his staff is putting in 10 hours effort into each eight-hour day.

He explained that contributions and donations are keeping the doors open at the Humane Society.

He estimated that 10 per cent of the strays picked up are from Montclair.

Stanley Larson, board chairman, explained that the board has been troubled by the deficit.

"We have been able, thanks to good public support and an excellent staff, to render a standard of service of which we can be proud," Larson said. "The shelter operation has received national publicity."

"The time has come when we feel sadly that we must eliminate some of the animal control program," he said.

Richards said that already during the first four months of the 1976-77 fiscal year, the Claremont operation is in deficit spending.

Richards said that he is open to suggestions, and that the society and Claremont city officials might be able to work out a solution.

S.B. County administrative office reorganization is approved by supervisors

With surprisingly little comment from Supervisor James Mayfield, a major reorganization of the San Bernardino County administrative office has been approved by county supervisors.

Mayfield objected strongly to part of the plan to streamline the office at last week's meeting. But he evidently dropped his opposition Monday, and even made the motion to approve the reorganization.

The supervisors agreed the reorganization should be contingent on a report from Earl Goodwin, county administrative officer, on the success or failure of the plan within 60 days.

The plan would eliminate one of the county's seven agencies — Program Development — and place those functions under the administrative officer. It also would create a stronger administrative staff and a new office of budget and finance.

Goodwin, whose proposed reorganization plan is the first he has suggested since he became administrative officer in May, would create three new assistant administrative officers. The plan appears to strenghten Goodwin's office by upgrading the budget division and transferring functions of the Program Development Agency to the administrative office.

Mayfield's objections last week were based mainly on costs. He was particularly bothered by the plan to pay a new budget administrator $34,000 a year, when in the past the job was handled by a $25,000 a year "coordinator."

The supervisor charged that in terms of salaries, Goodwin's plan would cost more than the current operation.

Supervisor Robert Townsend of Chino and Board Chairman Dennis Hansberger generally have supported the reorganization. Townsend said Monday that, "We feel it will pay its way and will be a good program."

Goodwin claims the plan will produce cost savings, but he agreed to present a progress report every 60 days. "If the plan doesn't pay its way, I'd be for dropping it."

Campbell faces Wilson in 33rd District

Bill: property tax relief the critical issue

By PHYLLIS CANNON
Asst. City Editor

"The most critical issue right now is the immediate need to provide property tax relief," said Hacienda Heights Republican Bill Campbell who is relinquishing his 64th Assembly District seat to campaign for the new 33rd Senatorial District seat.

"I have asked Governor Brown to call the Legislature into special session for that purpose.

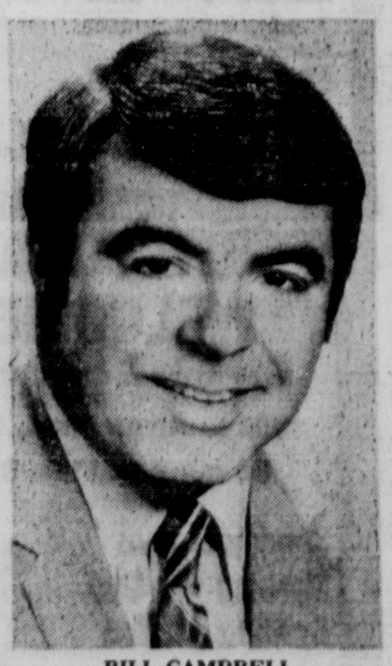

"Because of the high increase in assessed evaluation, many in the 33rd District are going to be paying twice as much property tax as they paid last year.

"People are being forced out of their homes by this. Middle income families will no longer have the right to own homes. We're absolutely destroying people who can't pay these taxes.

"And, our older citizens are being forced out of homes they've lived in for 20 years and paid for because of the high property tax. Something must be done about this situation."

A former school administrator, Campbell is serving his fourth term in the Assembly. He is concerned over the burden homeowners carry to finance public education and anticipates a state Supreme Court ruling the first of the year on an appeal on the Serrano vs. Priest Decision, giving the Legislature the go-ahead on school finance reform.

"In 1972 the state paid 43 per cent of the total cost of public education," said Campbell. "Now we have shifted the burden back on the local taxpayer. This year the state is paying less than 35 per cent of the total cost.

BILL CAMPBELL

"That cost to the taxpayer is more than $600 million. When the governor said he had a $500 million surplus, that is because we have forced the cost of education back on the homeowner. The only way to get relief from this is to reform the school financing system."

Campbell thinks the "growth of government and the inherent power given to regulatory agencies of government is one of the most serious threats to our free society.

"To combat this situation, I have introduced the Sunset Bill, legislation which calls for every state agency to go out of existence every five years. We would force these agencies to come back to the Legislature and justify their existence. If they could not do this they would be dissolved. This would reduce the size of government."

Betty attacks opponents' sincerity on tax reform

"The most important issue in this campaign has been the need for tax reform," said Santa Fe Springs Councilman Betty Wilson, the Democratic candidate in the new 33rd Senatorial District.

"I can't believe that my opponent is sincere when he talks about tax reform when his record indicates that he has failed to vote for major legislation passed this session which closes business tax loopholes.

"He failed to support four pieces of major legislation aimed at closing those loopholes.

"He is calling for a special session of the Legislature which is both wasteful of the taxpayers money and unnecessary.

"His only answer to tax reform has been the Sunset Bill which would do nothing. This bill is unnecessary because the state budgetary process already allows unnecessary state agencies to be phased out.

"All this bill would do is create another state agency and add another layer to the state bureaucracy."

Mrs. Wilson, first woman mayor in Los Angeles County (founding mayor of Santa Fe Springs), said "this campaign has been based on our records.

"I think my record as a councilman in Santa Fe Springs since 1957 shows that I am capable of running government economically and efficiently.

"Mr. Campbell's record shows a blatant insensitivity to the needs of the taxpayers, senior citizens and the consumers of the district."

Mrs. Wilson said she has built her campaign on a solid base of 25 years of public service. Aside from her 18 years on the council, she has worked 25 years as an aide to a Los Angeles City Councilman.

She is a voting delegate to the Southern California Association of Governments (SCAG), a committee chairman of the League of California Cities, a member of the board of the Los Angeles County Division of the League of California Cities, committee chairman of the California Contract Cities, vice president of the Town Affiliation Association of the United States and committee chairman of the National League of Cities.

She has had experience at city, county, state and national levels of government, she points out.

The new 33rd Senatoral District was created in the 1973 reapportionment. It takes in Diamond Bar, Walnut, Whittier, La Mirada, Norwalk, Artesia, Cerritos and Downey.

Leopards tackle Redlands today

By DON BRADLEY
PB Staff Writer

La Verne College (1-0) takes on Redlands (1-0) this afternoon (1:30 p.m.)in the Leos' biggest game of the season.

The two teams played to a 25-25 tie last year and also tied for the conference title. Coach Roland Ortmayer of La Verne doesn't think a tie will be enough this year.

"I don't think a tie will do it," Ortmayer said. "If we tie this year, I don't think we'll win the title."

The Leopards (3-2 overall) have defeated Whittier twice and Pomona-Pitzer once. Redlands (5-1) holds victories over USD, USIU, Colorado College, Azusa Pacific and Occidental.

The Bulldogs have lost only to Cal Lutheran (13-7) while the Leos have dropped games to Azusa Pacific (20-10) and Cal Lutheran (24-14).

"This will be a "must" game for us, of course," said Redlands coach Frank Serrao. "However, I don't think a tie will eliminate either of us.

"Whittier is not going to play another game like last week. They're a better team than that. We think Oxy is a fine team, too, and Claremont-Mudd seems to be improved this year. So I don't think a tie will eliminate either of us. But we're not going to play for a tie if we can help it."

The Bulldogs were without their rushing leader David D'Arcangelo and tight end Tim Brown last week. Both will play against the Leopards.

D'Arcangelo still leads all SCIAC rushers with 645 yards in 134 carries (4.8 ave.). Quarterback Steve Vento is the top passer with 65 of 128 passes completed for 973 yards and six touchdowns with six interceptions. Brian DeRoo is the top receiver with 30 for 470 yards.

"Our chances will hinge on whether we can control their passing and receiving," said Ortmayer. "Offensively we'll have to stay free of turnovers. They're a pretty well balanced club and don't seem to make as many mistakes as the rest of us."

La Verne will counter with backs Brad Frick and Ben Morrow and signal caller Randy Brown. Frick is second to D'Arcangelo with 568 yards in 114 carries (4.9 ave.). Brown is third in passing with 37 of 85 attempts for 502 yards and six touchdowns with seven interceptions.

The two teams are exceptionally well matched. Redlands is second among league teams in both offense and defense and La Verne is third in each.

The Bulldogs have averaged just eight-tenths of a yard more per game than the Leos and are giving up an average of only three tenths of a yard less defensively.

Claremont-Mudd takes on Oxy over at Stags Field at the same time La Verne is battling Redlands. The Stags are 1-0 in the conference and 1-3 overall. The Tigers are 0-1 and 2-2.

"Claremont has a lot of components of a winning football team," Oxy coach Bill McQueary commented. "They don't have a lot of size overall, but they appear to be a well coached team."

Tonight (7:30 p.m.) Pomona-Pitzer (0-1 and 2-3) takes on Whittier (0-1 and 4-2) at Alumni Field.

"Whittier is a good defensive team," said coach Walt Ambord. "All I can say is we're going to show up."

Pac-8 crucials on tap

By The Associated Press

California, out of the Pacific-8 conference race with a 1-2 record, still has a chance to play spoiler today to Southern California's perfect college football conference record.

Southern California shares the Pac-8 lead with unbeaten UCLA, which faces Washington, still nurturing hopes for the conference title with a 2-1 record.

Southern California is heavily favored over Cal, but last year the Bears upset the Trojans, and many of the cards stack the same for this contest.

Last year the Trojans went into the game ranked fourth nationally with a 7-0 record and lost 28-14 — the beginning of the end for Southern California, which went down to three more defeats.

California's top two offensive stars, quarterback Joe Roth and flanker Wesley Walker, sat out last weekend's 35-19 loss to UCLA, but both are expected to play against Southern Cal.

Southern California's Ricky Bell, leading the nation in rushing, suffered a hip pointer in the Trojans' 56-0 rout of Oregon State but is scheduled to start against California.

In other Pac-8 contests, Oregon State is at Stanford and Washington State travels to Oregon. Only one Pacific Coast Athletic Association contest is scheduled: University of the Pacific at Fresno State.

The third-ranked Bruins go against history in their bid to keep their record clean against Washington. It's been 18 years since UCLA escaped from Seattle with a victory on Washington's home turf.

And the Huskies have dominated UCLA both in Seattle and Los Angeles in recent years, winning five of the last six meetings and 13 of the last 17.

"We anticipate a real struggle in Seattle," said Bruins coach Terry Donahue.

The game stacks up as a battle of runners, with the Bruins featuring the rushing of Wendell Tyler and Theotis Brown and the Huskies starring Ron Rowland and Robin Earl.

Washington has averaged 260 yards per game rushing, allowing just 146. UCLA leads the conference in rushing with an average of 338 yards, holding opponents to 138 yards per game on the ground.

Stanford, with a 2-1 conference record, will try to stay in the Pac-8 running against Oregon State.

Tigers triumph over San Gogo

By TIM CLARK
PB Correspondent

Just in case some Pomona valley prep football fans haven't noticed yet, there is another very fine high school ball club around here besides San Dimas, Garey, Damien, Alta Loma, etc.

The Tigers of Chaffey high improved their Citrus-Belt league record to a perfect 3-0 (5-2 on the year) with an easy 32-7 romp over San Gorgonio in 4-A C.I.F. action Friday night in Ontario.

The Tigers, who don't really receive their due publicity, are the proud owners of a precise offensive unit, led by maybe the top quarterback in the valley, and probably the hardest-running fullback around. Ray Stark's troups also field a bruising defensive 11, proof of this being a total of eight sacks recorded Friday evening.

Dan Gable, the Progress-Bulletin's Player of the Week, was once again picture-perfect, darting aerial bullets right on the nose of his receivers. The 6-0, 170 lb. senior connected on nine of 15 passes, good for 163 yards and two touchdowns. Gable's favorite target was fullback Frank Fernandez (three catches for 85 yards), who is something of an incredible rolling wonder.

Fernandez, who stands at 5-6 and weighs a hefty 185 pounds, literally bounces and careens off of opposing would-be tacklers. Impressive throughout the season, the Tiger (actually, Armadillo is a more accurate assertion) butterball toted the pigskin only 10 times for 101 yards and two touchdowns (77 yards on eight carries in the first half).

Defensive tackle Ed Henry and end Dean Steffler led the Chaffey sack brigade, crunching San Gorgonio quarterback Martin Alvino three times each. Nose-guard Jim Foskett (6-2, 203 lb) racked up two sacks, with safety Steve Lehor blitzing in for the ninth.

Lehor scored the contest's first touchdown also, returning the opening kickoff 71 yards untouched down his left side-line.

OCHS dumps Baptist

Ontario Christian remained undefeated in Olympic League action and La Verne Lutheran won its first game of the year to highlight the valley's 1A and eight-man football contests Friday.

The Knights improved their league record to 3-0-2 with a 31-7 rout of visiting Los Angeles Baptist in the Homecoming game for the Ontario school. The Knights are in second place behind L.A. Lutheran.

OCHS kicker Ron Harigna booted four extra points and a 25-yard field goal and four Knights scored touchdowns.

La Verne Lutheran's Jerry Nicholas scored three TDs, two on runs and one on an interception, in a 48-0 romp over Sherman Indian at Damien High. LVL quarterback Steve Yeager had 150 total yards.

Poly paced by Peavler

The Cal Poly Pomona Broncos water polo team took an important game from sister-school Cal Poly San Luis Obispo by an 11-8 count Friday afternoon in the Broncs' pool.

Cal Poly Pomona (11-7, 3-0 in CCAA play) was led by Steve Peavler for the fifth consecutive game. Peavler had three goals, giving him 14 points in five contests. Brian Dineen added a pair of tallies for the host team.

Sports briefs

SAN FRANCISCO (AP) — San Francisco State quarterback Rich Palmer scored on a three-yard sprint and placekicker Paul Larson added a field goal with three seconds on the clock to give the Gators a 10-9 Far Western Conference football victory over Sacramento Friday.

All of Sacramento's points came on Dan Sirosky field goals, the longest of which soared 35 yards.

PHILADELPHIA (AP) — Philadelphia Phillies pitcher Wayne Twitchell signed a four-year contract with the National League East champion team Friday, which removes him from the list of free agents eligible for the reentry draft Nov. 4.

LOS ANGELES (AP) — The National Automotive Parts Association announced Friday it has assumed sponsorship of the annual June NASCAR stock car race at Riverside International Raceway for at least the next three years.

Vice President and General Manager of the major automotive firm Paul Rollins said the firm previously had announced sponsorship of a major NASCAR race in Charlotte, N.C.

PENSACOLA, Fla. (AP) — Defending champion Jerry McGee shrugged off the potential disaster of two consecutive bogeys and fought his way through blustery winds and biting cold to a one-under-par 70 that staked him to sole control of the second-round lead Friday in the $125,000 Pensacola Open.

SEATTLE (AP) — Harry Malmberg, who recently had been signed as a baseball scout for the new Seattle Mariners of the American League, died Friday, a spokesman for the expansion club said.

The spokesman said that Malmberg died of cancer in Veterans Hospital in San Francisco. He was 49.

LAS VEGAS, Nev. (AP) — Fourth-ranked heavyweight contender Duane Bobick undefeated in 37 pro fights, is favored today to beat unbeaten Fred "Young Sanford" Houpe in a nationally televised 10-rounder from the new Alladin Theater for the Performing Arts.

In a companion bout, light-heavyweights Mike Quarry, the brother of former heavyweight contender Jerry Quarry, will put his 57-7-3 mark on the line against Tom "The Bomb" Beathea.

ANAHEIM (AP) — California Angel shortstop Mike Miley signed a two-year contract with the American League club, it was announced Friday, which takes Miley off the status of free agent.

General Manager Harry Dalton said Miley signed for the 1976 and 1977 seasons on Thursday, beating the midnight deadline. Otherwise he would have been included in the free agent reentry draft scheduled for next Thursday in New York.

Citrus hosts upset minded Chaffey tonight

By JIM McCONNELL
PB Staff Writer

The grid rivalry between Chaffey and Citrus colleges has always been an intense one, and tonight's Mission Conference contest at Citrus could just be the biggest game ever played between the two valley junior colleges.

Citrus, at 3-0, is leading the conference going into tonight's action, but Chaffey, at 2-1, is right behind. An upset by the Panthers would throw the Mission standings into an uproar.

Action will get underway tonight at 7:30 p.m. at Owl Stadium in Azusa.

Chaffey hasn't beaten the Owls since 1970, but rarely in the long series between the two schools has the contest meant as much as it does this evening.

That fact, and the Panthers' new look under first-year coach Mike Merandi, combine to make the game a most attractive one for local JC followers.

The winner tonight figures to have the inside track on the conference title, with Saddleback the only other M.C. team apparently capable of annexing the crown.

Chaffey has used a rock-hard defense to post a 4-2 season log, the school's best grid start since 1965. Citrus has bounced back from a heart-breaking 18-14 loss to Fullerton in its season opener to rattle off five straight wins, all in impressive fashion.

The Owls go into the game ranked fourth among Southland JCs, while Chaffey is unranked.

The clash could well develop into a real defensive struggle, as both Chaffey and Citrus have outstanding talent on defense.

Sophomore defensive backs Chris Rio (from Royal Oak High) and Steve Schiro (a Damien High product who played for U.C. Riverside last fall) and sophomore linebackers Charlie Moses (Ontario) and Frank Malicki (Royal Oak) have anchored a very good Panther defense.

Other lettermen on defense for Merandi's crew include linebacker Ron White, defensive backs Mitch Spangler and Corky Halzle and tackle Dave Lopez.

On offense, Merandi appears to have settled on a starting backfield of quarterback Jim Garcia and running backs Randy Campbell and Dominic Licavoli. Upland High graduate Gary Carr should also see extensive action as a backup to Campbell.

The Owl offensive backfield has remained the same all year, with Dale Bunn at QB and Obie Graves and Raymond Butler as the running backs. Bunn's favorite targets so far have been a pair of speedy wide receivers, Charles Brown and Scott LaValley.

Returning stars Gene Esslin, Henry Camerena and Jim Escobedo anchor the Owl defensive line. "Thumper" White, with four interceptions, and Marty Sarkissian, with three thefts, give the Owls a pair of outstanding safeties.

The two teams have strong kicking games. Gary McKenzie handles the punts and Bill Darrell the placements for Citrus, while Dave Hood is the punter and Dave Treadway does the field goal and PAT work for Chaffey.

Ben Crenshaw entered August with $213,201 in earnings on the PGA golf tour for 1976. He was $24,000 ahead of Hubert Green.

All sound is made up of vibrations in the air. A phonograph stores the vibrations in the groove on the phonograph record.

If you examine the groove closely, you will find that it is a thin wavy line. The wavy line represents the vibrations made by a person's voice or a musical instrument.

As the record turns on the turntable, the point of the needle travels along the groove. The wavy groove makes the needle vibrate. A small crystal inside the needle cartridge changes these vibrations into electrical impulses.

These electrical impulses are amplified, or made stronger, by the electron tubes in the phonograph and are sent to the loudspeaker.

When they reach the speaker, the electrical impulses work a special magnet which causes a cardboard cone inside the speaker to vibrate in exactly the same way the phonograph needle is vibrating.

The vibrating cone produces sound waves in the air like those recorded.

Almanac globe or other fine prize will be awarded to the first youngster sending in a question used here. Send your question and your age to Johnny Wonder, (c/o this newspaper), Box 1335 (DA), Santa Cruz, CA 95061.

International Learning Center

Chino Baptist to host seminar

The International Center for Learning which annually train over 35,000 church leaders, Sunday school teachers, and Bible school and seminary students in over 175 locations in the United States and Canada, will be using the facilities of the First Baptist Church in Chino for its Southern California two day workshop on Friday from 7 to 10 p.m., and Nov. 6, from 9 a.m. to 12:30 p.m.

The objectives of the course in Sunday School teacher training are: to plan and guide activities that increase Bible learning; using time, space and equipment more efficiently; using guidance techniques to improve learners' behavior; avoid time wasting in preparations; interact with learners as a friend both inside and outside the classes; motivate learners to explore the Scriptures; using methods, resources and media.

To achieve these objectives each clinic offers six hours of training in each of the four divisions: early childhood (birth to 5 years); (grades 1 through 6th); (grades 7 through 12th); and adults (18 and over). Within each of these divisions, instructions focus on four basic subject areas; teaching-learning process; age-level characteristics; methods and teaching skills; and planning and organizing.

Dr. Robert Wilson, pastor of the Baptist Church, invites local churches to participate. For more information, they may call the church office, 628-2119.

SPEED READING COURSE
TO BE TAUGHT HERE IN POMONA ONTARIO AREA

POMONA ONTARIO AREA — (Spec.) Golden State Reading Lab will offer a 4 week course in speed reading to a limited number of qualified people in the Pomona Ontario area.

This recently developed method of instruction is the most innovative and effective program available in the United States.

Not only does this famous course reduce your time in the classroom to just one class per week for 4 short weeks, but it also includes an advanced speed reading course on cassette tape so that you can continue to improve for the rest of your life.

In a few months, some students are reading 20-30 times faster, attaining speeds that approach 6000 words per minute.

Our average graduate should read 7-10 times faster upon completion of the courses with marked improvement in comprehension and concentration.

For thos who would like additional information, a series of free, one hour orientation lectures have been scheduled.

Astrographs

By Bernice Bede Osol
For Sunday, Oct. 31

ARIES (March 21-April 19) In financial matters, you're likely to let the big fish get away while you capture the minnow. Keep your priorities in order.

TAURUS (April 20-May 20) Be aware of being boastful today, or of having grandiose schemes. You could turn off the very people you're trying to impress.

GEMINI (May 21-June 20) You'll probably have only partial success today because you tend to exercise faulty judgement. Try to see where the greatest value lies.

CANCER (June 21-July 22) If you're in the company of one you're overly anxious to impress today, don't put on airs. Just be yourself.

LEO (July 23-Aug. 22) Be very careful if managing the affairs of others today. You might take risks you wouldn't dare to with your resources.

VIRGO (Aug. 23-Sept. 22) Not a good day for you to make major decisions. Don't be pressured into-agreeing to something you haven't studied.

LIBRA (Sept. 23-Oct. 23) You're likely to be disappointed financially today if you expect more than you're entitled to. Seek only your fair share.

SCORPIO (Oct. 24-Nov. 22) At a social gathering today don't get involved with an opinionated person who's trying to bait you into an argument. It'll accomplish nothing.

SAGITTARIUS (Nov. 23-Dec. 21) If you're trying to get something for the home with the aid of two friends, don't count on the one who promises the bigger discount. He won't produce.

CAPRICORN (Dec. 22-Jan. 19) Don't attempt to oversell ideas to others today. Just tell them enough to whet their appetites, then stop talking.

AQUARIUS (Jan. 20-Feb. 19) You're likely to be overindulgent with those you love today. Be kind, but don't overwhelm them.

PISCES (Feb. 20-March 20) A pal who is prone to exaggerate may pass on some intriguing tale to you today. If you repeat it, give voice only to what you know to be true.

Oct. 31, 1976

A very active social life is likely for you this year. Two new pals will each initiate you into different circles of friends.

Almanac

By The Associated Press

Today is Saturday, Oct. 30, the 304th day of 1976. There are 62 days left in the year.

Today's highlight in history:

In 1938, there was panic across a good part of the country, caused by an Orson Welles broadcast depicting an invasion from Mars.

On this date —

In 1735, the second U.S. President, John Adams, was born in Braintree, Mass.

In 1918, an armistice was signed with Turkey at the end of World War I.

In 1922, Benito Mussolini became premier of Italy, forming a Fascist government.

In 1941, a U.S. Navy destroyer was sunk by a German submarine off Iceland. The act led to repeal of the U.S. Neutrality Act.

In 1956, Britain and France issued an ultimatum to Egypt and Israel, demanding that they halt hostilities against each other.

In 1961, the Soviet Union ignored world protests by exploding a giant nuclear bomb in the Soviet arctic. It said the blast was bigger than planned.

Ten years ago: There were violent anti-American demonstrations when President Lyndon B. Johnson visited Malaysia.

Five years ago: President Tito of Yugoslavia wound up a state visit to the United States.

One year ago: Prince Juan Carlos de Borbon, designated successor to General Francisco Franco, assumed the powers of Spain's chief of state.

Today's birthdays: Actress Ruth Gordon is 80. Ted Williams of baseball's Hall of Fame is 58.

Thought for today: The average man is more interested in a woman who is interested in him than he is in a woman with beautiful legs. — Marlene Dietrich.

Bicentennial footnote: Two hundred years ago, Congress recognized the difficulty of recruitment for the continental Navy because of the more profitable service on privateers and it approved the sharing of half the prize money from captured vessels.

John Tunney For Senator

THE LOS ANGELES TIMES LEAD EDITORIAL OCT. 13 ENDORSED SENATOR TUNNEY "AN INDEPENDENT AND RESPONSIBLE LEGISLATOR" FOR REELECTION. THE TIMES CALLED HIS OPPONENT "A MISCHIEVOUS WIT WITH A FLAIR FOR THE OUTRAGEOUS."

Tunney's Record

The people of California need to realize what an excellent Senator they have in John Tunney.

He is effective. He has steered into law more than twice as many of his own bills as has any other first term Senator. Majority Leader Mike Mansfield calls Tunney "a man who can at times work a legislative miracle."

One of these was his resolution which kept American soldiers from being sent off to fight and perhaps die in Angola. Another was passage of Senator Tunney's anti-trust reform act of 1974. That act requires that what have been closed-door "wrist-slapping" deals between big corporate offenders and the Department of Justice be brought out into the light of public knowledge during the process of negotiation.

Tunney was the first Senator to call for President Nixon to resign. He made that call a year before Mr. Nixon did resign.

John Tunney has a 100% rating from the National Education Association, a 94% from Common Cause and 95% from the National Council of Senior Citizens.

Straight through consideration of the tax reform bill, Tunney voted for reduced taxes on middle income families and for closing loopholes that benefit only the wealthy.

It's time we examined our Senator's record. It's a very very good one.

Giant step for science at Poly...

Story on page 4

Doc Peirsol

It happened in Pomona

Down through the ages cities have been famous for certain unusual topographical features. Ancient Rome had its Seven Hills; and not to be outdone by Rome, not so ancient but still what we today might term "Olden Pomona" once was noted for its Seven Fountains. Therefore, that one of this city's more unusual claims to fame may be perpetuated, I give you today the story of the Seven Fountains of Pomona as it was originally recorded in the October 24, 1908, issue of The Pomona Progress.

"At 2 o'clock on Saturday afternoon," the item stated, "an official test was made of the new fountains which have been installed at Ganesha Park near the greenhouse in the artificial lake. There are seven fountains, one in the center being about 20 feet high with six surrounding it with a height of about 12 feet. The fountains are in the center of a lake 100 feet in diameter and in the lake are numerous lily ponds, so that the improvement is one which greatly enhances the beauty of the park and will be one of the imposing attractions. The water will be turned on to play in the fountains on Sunday afternoon shortly before 3."

Stamps in the news

By SYD KRONISH
AP Newsfeatures

At the turn of the century, Dr. Lilian Mary Grandin from the Island of Jersey in the English Channel traveled to China to work as a missionary. This year, Jersey marks the centenary of her birth with four new postage stamps.

Dr. Grandin sailed from Southampton Jan. 11, 1906, for Shanghai. She combined the duties of hospital doctor with nursing training for local Chinese women. She died in Chaotung of typhus Dec. 5, 1924.

The 5-pence stamp shows a map of central and southern China indicating the places where Dr. Grandin worked and her route to Chaotung. The 7-p depicts her journey up the Yangtze River. The 11-p features her travel by horseback from Chungking to Chaotung. The 13-p illustrates Dr. Grandin at work in Chaotung.

The National Air and Space Museum of the Smithsonian Institution is paying tribute to Harriet Quimby, the first licensed U.S. woman aviator, by making her the subject of its Milestone of Flight No. 42.

Flying a Bleriot monoplane, Miss Quimby received her license Aug. 1, 1911. Thus, this is the 65th anniversary of the occasion. She was the second woman in the world to receive a pilot's license. The first was the Baroness de la Roche of France who got hers a year earlier.

The price of cover No. 42 is $1.25. It can be ordered from: Milestones of Flight, National Air and Space Museum, Smithsonian Institution, Washington, D.C., 20560.

Following issuance of a U.S. souvenir card in honor of ITALIA 76, the major international philatelic exhibition at Milan, the U.S. Postal Service has announced another souvenir card, this one for NORDPOSTA 76 — the North German annual stamp exhibit at Hamburg.

The design features one U.S. stamp and two German stamps. The center stamp is a 1930 U.S. commemorative issued on the 200th anniversary of the birth of General von Steuben in recognition of his services during the Revolutionary War. At the left appears the Prussian Letter Carrier stamp issued by West Germany in 1966. At the right is a 1959 German stamp reproducing the 1859 stamp of Hamburg issued to honor the Interposta philatelic exhibition in 1959.

Uncanceled cards are $1.25 each, canceled cards are $1.38 each. There is a 50 cent handling charge. Address orders to: "NORDPOSTA Card, Philatelic Sales Division, Washington, D.C., 20265. Orders should indicate whether canceled or uncanceled cards are desired.

chess

Is chess a sport? Those who have endured the rigors of tournament chess will resoundingly answer: yes!

Bobby Fischer who prepared for his match with Boris Spassky by swimming, hiking, and playing tennis thinks of himself as an athlete. In a syndicated interview (NEA) given to sports writer Ira Berkow, Fischer was quoted as saying:

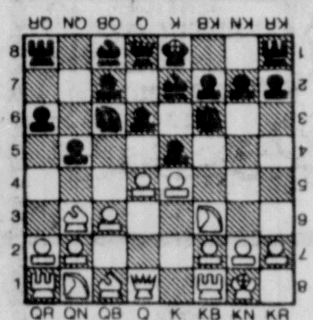

"I'd compare chess to basketball. Basketball players pass the ball around until they get an opening. Like chess, like the mating attack.

"You've got to be in top condition to play chess. You have to concentrate in a tournament for 5 hours at a time day after day.

"And when there's an adjournment, you've got to stay up late analyzing strategy. The tension and the need for stamina are brutal. One mental lapse and you're through. That's why a lot of great players are over the hill by 40."

In other unpublished remarks (to Berkow), Fischer deplored the fact that chess news was more likely to be placed in the leisure or entertainment section of a newspaper than in the sports pages where it belonged.

BEGINNER'S CORNER

WHY CAN'T BLACK PLAY 1....NxKP?

(Solution below)

BEGINNER'S CORNER-hint and explanation: Both black knights will be unprotected.

HUBNER BLOWS IT AND HOW

In 1972, Robert Hubner, the West German grandmaster, lost a crucial game to ex-World Champion Tigran Petrosian because of an attack of "nerves". That loss caused him to lose a crack at Bobby Fischer who was on his way to the world title.

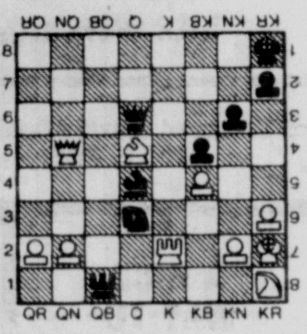

In the game below from the 1976 Biel Interzonal Tournament, Hubner's world championship aspirations were thwarted again by his nemesis.

Hubner lost to Petrosian (see game score) after he missed a 4-move checkmate in the diagrammed position. He could have played 37.Q-K8ch, K-

FRENCH CANDLE SHIELD

Antique-wise

French candle shield unusual

QUESTION: This interesting small French candle shield is 21 inches high and in perfect condition. The backside is covered with ivory colored silk and the front is beautifully decorated with colorful beadwork on a needlepoint background (brown). The tassels and braid are gold colored silk. Its tripod pole is brass and marble and this can be lifted from the marble base which has been covered with black enamel. Can you tell me when candle shields like this one became fashionable and what such examples are worth? Mrs. G.E.S.

ANSWER: Values generally range from $200-$250 for those in fine condition because of their scarcity.

Candle screens became quite fashionable around the middle of the 18th century. Their purpose was to protect the lighted candle from stray breezes. Designs for candle screens of the cheval, folding and tripod pole varieties were all illustrated by Chippendale in his Director. Miniature or table-top versions like yours are prizes collectibles.

Science program gets big boost at Cal Poly

Ten years of planning and two years of construction ended this week with the official dedication of Cal Poly's glittering new $8.5 million science building.

The first building specifically designed for the teaching of science since the university began classes on the Kellogg campus in 1956, the handsome structure more than doubles the space formerly available for science study. The former building used for science was designed as a multipurpose facility. It is linked to the new building by a covered passageway, forming a science complex with a patio between.

Dr. Vincent E. Parker, dean of the school of science, said the new building provides expanded space for classroom work and for special purpose laboratories designed to support upper division and graduate programs.

The building is supplied with $1.2 million worth of equipment, primarily for advanced work in the biological sciences, physics, chemistry, mathematics, zoology, botany and the earth sciences.

The new building provides 75,000 square feet for laboratories, classrooms, faculty offices and the university computer center. Its four levels also house areas for animal colonies, greenhouses, workrooms, shops, research laboratories and a seismographic station. On the roof are astronomical and meteorological facilities.

"A special feature of the building," said Sidney Birnbaum, associate dean of the school, "is the electron microscope facility operated by the biology department. The microscope makes possible specialized research work, and provides students with instruction related to that particular type of equipment."

The computer center, moved from its space in the administration building, houses a control data computer, CDC 3150, and a digital equipment computer. The control data computer is used for student and administrative work. Through CDC, information can be transmitted to the California State University and Colleges system-wide computer center located in Los Angeles.

The university digital equipment computer represents the newest form of data processing in instructional time sharing. Through this type of data processing program, Cal Poly students can communicate directly with the digital computer for information from terminals located throughout the entire campus. There are 20 in the science building, 10 in the library and others in various departments.

Architectural firm for the handsome new science building was Kistner, Wright & Wright of Los Angeles. The contractor was Gust K. Newberg Company of Los Angeles.

Waterbed company making splash on business scene

Workmen at Porpoise Waterbeds hard at work.

When Gary Baylis and Gus Gonzales opened a waterbed sales and manufacturing firm less than one year ago, waterbeds were still thought of by many as a passing fad.

But if what Baylis and Gonzales have accomplished in such a very short time is any indication, waterbeds are here to stay.

When the two young men first opened Porpoise Waterbeds, 450 E. Holt Ave., in Pomona, less than a year ago, their total manufacturing area for waterbeds and furniture took up a space of less than 1,300 square feet. At that time Gary was the only furniture finisher.

Now, one year later, Porpoise Waterbeds' manufacturing area takes up more than 13,000 square feet of floor space, an astounding tenfold increase. Nineteen employees are now needed to keep up with the demand for the company's waterbeds and furniture.

"Our inventory has grown to over five times of what it was when we first opened," says Gary.

"We manufacture all of our own furniture and most of our waterbed frames," he points out, "and we pride ourselves in the fact that all of our beds and furniture are handmade."

When the company first opened, only a few models of beds and furniture were available.

"We've added many new models of frames with matching furniture since we opened," Baylis explains, " and in addition we have catalogues that show hundreds of different types of frames."

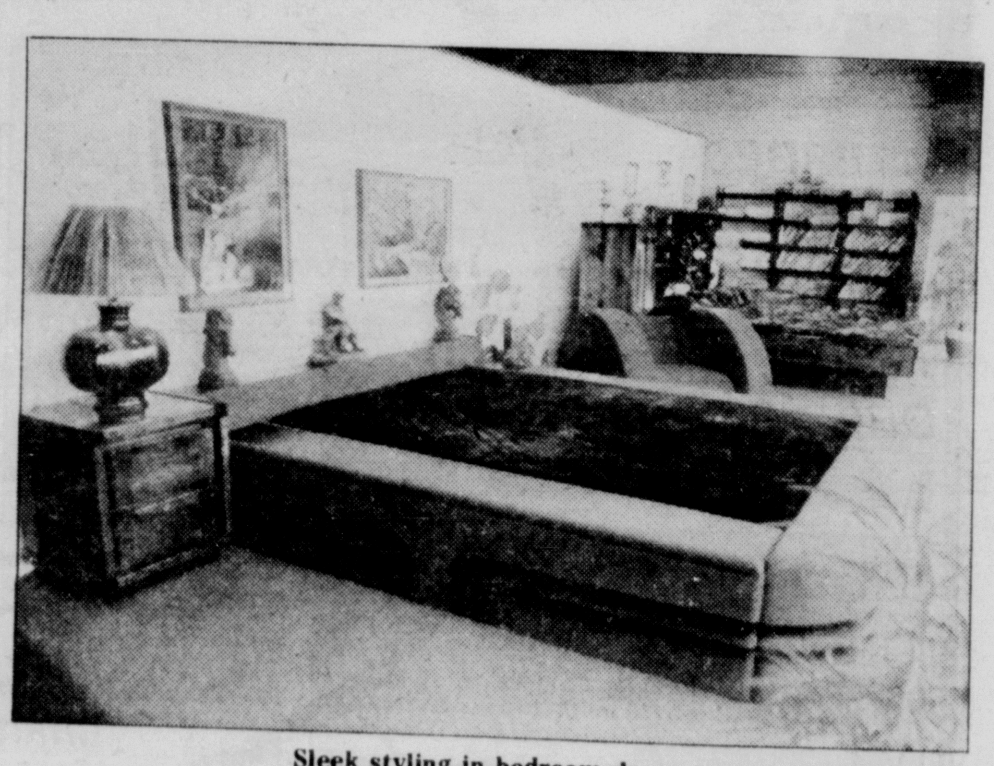

Porpoise Waterbed's featured beds range in price from $129 to over $1,500 for a bed that looks straight out of the 16th century.

"We try to offer customers all different types of models including modern, early American, Spanish, Colonial, and of course the 16th century," says Baylis.

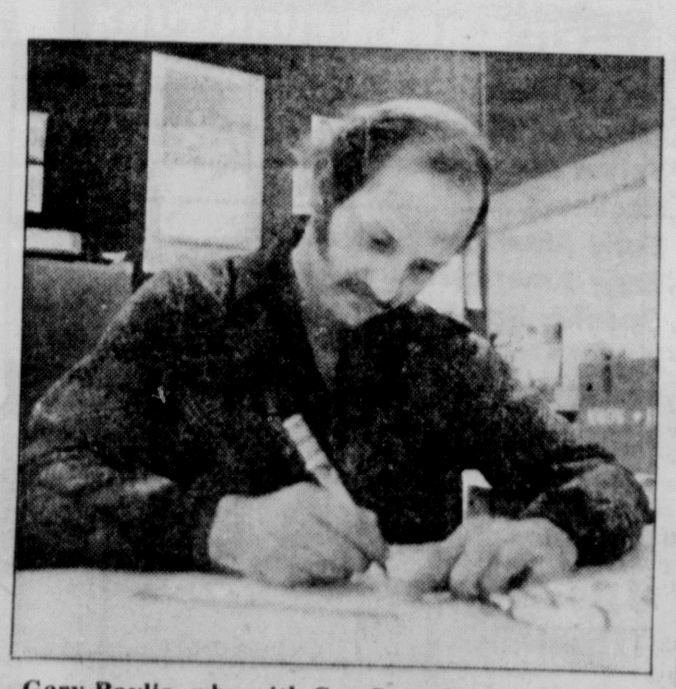

Besides styling, however, another feature of Porpoise's waterbeds is the advantages they have over conventional sleep craft.

"With a waterbed you can adjust the firmness of the matress, something you can't do with a conventional bed . . . Also the temperature of the bed is totally adjustable. You won't find any cold spots in a heated waterbed," he says.

Asked to reflect on what its been like for the first year of Porpoise Waterbeds, Baylis responded, "It's been super! Our customers have been great, and doing business in Pomona has been a real boost. We really appreciate the help everyone has given us."

Sleek styling in bedroom decor.

Two new educators at PHS

By ROLAND SALVATO
Pomona Correspondent

Two new educators have been assigned to Pomona High School, according to Oathur C. Carpenter, dean of instruction. They are Alvert Crespo and Carri Macklin.

The school is also looking for additional permanent teachers in the fields of scienee, mathematics, drama and English. The positions are presently being filled by full-time substitute teachers.

Crespo is one of the two newly appointed permanent educators; he has been assigned to the post of dean of students. Crespo formerly was a faculty member at Nogales High School where he taught Spanish, coached the football team, and was also director of activities. The new dean of students will be responsible for taking care of class-cutting dispositions, student tardiness, and the overall supervision of students.

The other new permanent educator is Miss Macklin. Miss Macklin, a 1975 graduate of UCLA, previously taught at Los Angeles High School; she also taught briefly at Emerson Junior High in Westdale. Miss Macklin, when interviewed, stated she would like to incorporate more sophistication into arts and crafts. She currently lives in Santa Monica.

New campus club

There is a new club on campus called Gamma-Chi-Lamba, which means "God changes lives." This club is unique. It is a service club as well as a club for Christians.

Meetings are held every Monday and Thursday at 12:30 p.m. On Mondays, devotions are conducted and the Bible is studied. Thursdays the group discusses what they want to do for fellowship and what to do for the school.

They are planning a trip to Maranatha Village and Calvary Chapel to see some Christian rock groups in the near future.

There will be announcements in the school bulletin or members will gladly talk to students.

To become a member or to observe what is occuring, students can drop in on club meetings or speak to Nell White, Joi VanDeventer or Phil Clifee, club officers.

The group believes that God can change lives.

Student theater

The Devil's Ring Theater will offer pre-season tickets during the rest of October for its fall, winter and spring productions.

The ticket costs are $3.50 with an ASB card, at a savings of $2.50, and $4 without an ASB card, a savings of $2 over the usual price.

The first production is a comedy, "Arsenic and Old Lace," which was written by Joseph Kesslering. The play is directed by Karen Huffman, a student. The cast includes: Melody Tigue as Abby; Karen Lewis as Martha; Morgan Rusler as Mortimer; Tony Buchanan as Teddy. Other parts are filled by Joey Corbett, Mark Bleuthman, Nick Locore, Tanya White and Steve Wells.

The winter production is by Tennessee Williams. A musical is planned for the spring.

The theater theme this year is "Expressions." Themes are represented in each of the performances.

There are a limited supply of tickets available during October at the reduced rate. To purchase the tickets contact the Devil's Ring Theater by phoning 623-5251, Ext. 370.

Essays submitted

On Oct. 20, projections for a special scholarship essay contest were submitted to the principal by seniors who participated in the contest. The contest is being provided by the Century Three Leaders Scholarship Program, formerly called Bicentennial Seniors.

The projections were to deal with specific, well-defined challenges facing the United States and to provide positive ideas for addressing the challenges.

PHS will select one school winner by Oct. 29. This person will advance to state competition, where two seniors will be named winners. Each state winner will receive a $1,000 scholarship plus an all-expense-paid trip to Colonial Williamsburg, VA for a four-day national meeting. In Williamsburg, nine national runners-up will be selected to receive an additional $1,000 award.

Keywanettes busy

The Keywanettes is a girls service organization. The club is one branch of the Kiwanis of Greater Pomona. Members are chosen from all grade levels. All new members must have initiation during which each girl wears a dress to school for an entire week. Along with the dress, an apron is worn, autographed by each member of the club.

Many service projects are performed by the Keywanettes. Last winter an Awake-A-Thon was held to raise money for the Special Olympics, another one is planned for this fall.

On Thursday a few girls from the club helped at Casa Colina with arts and crafts. Some of the girls donated their services and provided refreshments when the Kiwanis conducted their blood pressure clinic.

Socially, the club is very active. A Halloween party was planned on Oct. 28 at a member's house. Prior to the party, the group, along with the PHS Key Club, will go to the Campus Life Haunted House.

This year's board members are president, Anne Neilsen; vice president, Mary Paine; secretary, Sheryl Lytle; treasurer, Christine Janz; senior representative, Shelly Sien; junior representative, Susan Wulfing and sophomore representative, Maureen Silvestri.

Red Cross youth meet slated

The Claremont Red Cross high school youth group will hold an organizational meeting and elect officers at the chapter house Nov. 3 at 6 p.m.

Those attending will enjoy a hot dog roast before sitting down to organize. Reservations are necessary.

The group is open to any Claremont student attending high school.

Sandy Hill and Beth Atkinson who attended summer leadership training camp at San Diego this year will explain to the group about their training.

Those attending the meeting may choose what programs they would like to support, such as helping during disasters, training for first aid, learning babysitting procedures, delivering knitted goods to military hospitals, or serving as ushers and hostesses at the chapter's benefit performance of "Gypsy" Nov. 11.

Magic fascinates student

By MELISSA CLESCERI
Ganesha Correspondent

The audience is silent, all their eyes fixed intently on a tall black hat. Suddenly from no where appears a fluffy white rabbit. It's magic, compliments of Jamie Ali, a junior at Ganesha high school in Pomona.

Ali became interested in magic when he was only 7 years old. Near his home in Pomona was a joke shop. Ali began spending all of his free time there. He would save his weekly allowance to purchase different types of magic equipment. He also received magic equipment for his birthdays and Christmas.

At age 11 Ali gave his first magical performance at a nearby pre-school performing before a group of wide eyed youngsters.

Soon after this he learned of a friend of his parents who was once a professional magician. This man gave him some very important advice which Ali has attempted to follow. He said, "To be a good magician you must create your own style and always be original in every trick you perform."

With this Ali began learning more difficult tricks. He began taking lessons. After only five lessons his instructor told him that he no longer needed magic lessons for he had acquired enough knowledge to become a professional magician.

In the summer of '75 Ali gave his first professional performance for the Pomona Library. In this performance he also added a clown act.

In the past year he has been performing at birthday and adult parties. He has also given many benefit shows. He is planning another benefit performance for the Pomona Valley Hospital.

Ali was asked to audition for the Magic Castle, and exclusive club for professional magicians. The Magic Castle was offering 30 junior memberships. Unfortunately Ali placed 32nd, just missing a membership.

Ali believes a good magician is one who can take a trick and build a story around it that makes the trick more interesting and entertaining.

Ali enjoys doing card tricks because he feels they are a challenge. Tricks proving that the hand is quicker than the eyes are Ali's specialty.

Ali summed up his feelings about magic when he said, "I would give up everything just to make people laugh and entertain them.

Alta Loma has hike club outing

The Alta Loma High School Hiking Club started the new year when 14 members went hiking in Los Padres National Forest near Frazier Park.

The students qualified for club membership with a mile run before they attended their first hike. A rain storm the night before washed the forest and sky clean. The trail started at Mt. Pinos and led the hikers across a five-mile ridge to Mount Able. The return route was over the same trail.

Several kinds of trees were seen including limber, jeffery, pinyon, and ponderosa pine. An attempt was made to gather pinyon nuts, but the recently opened cones had already given their treasures to the birds, insects, and squirrels.

Those attending the outing were Jeff Moore, Rob Skinner, Shari DeJoseph, Tom Opice, David Allen, Jo Branchetti, Jack Marsee, Doug Gale, Ron Chambers, Kelly Williams, Roy Adams, John Olsen, Pete Valles, Joe Hadfield, and Advisor, Martin Balding.

Transportation was provided by Roger Gale.

'Funnies' homecoming highlights year

By AMY GUSMAN
Claremont Correspondent

"The Fabulous Funnies" is the homecoming theme at Claremont High School this year. Keeping the theme in mind, each class is presently constructing its homecoming floats using different comic strip scenes and charactors.

The senior's float features a giant size Superman sailing in leaps and bounds over the high school campus. Cartoon cat and mouse, Tom and Jerry and Walt Disney's Love-bug, are all going to be incorporated into the junior class float, while the sophmores are featuring Little "Green" Riding Hood, (Claremont plays Upland for the Homecoming game, and Upland's school color is green) being chased by the Big Bad Wolf (The Claremont Wolfpack).

The freshmen are sending Snoopy, Linus, Lucy and Charlie Brown to ride in the homecoming parade, along with Snoopy's dog house and Lucy's 5-cent a session psychiatrists booth.

A week of homecoming festivities will begin on Monday, Nov. 2, with a Tug-O-War over a mucky mud pit. Classes or clubs may challenge one another in theis messy event. Tuesday will be "Super Hero Day" where a heroic gentleman from each class dressed as Super-Man, Batman, Captain Marvel, or Shazaam will dash through an obstacle course to save his lady love.

The Key Club will sponsor a giant pillow fight on Wednesday, and elections for homecoming queen will also be held on that day.

On Thursday and Friday, students will be able to listen to music from "Radio Free Claremont."

A stereo system will be set up on campus, complete with a student disc jockey who will be playing requests.

The festivities will culminate on Friday with a homecoming rally and parade featuring the floats and the five homecoming princesses, at Memorial Park at 3 p.m.

Jeff Daley, who was activities director at CHS during the last two years (he is now vice principle of El Roble Intermediate School) will serve as honorary grande marshall of the parade. The football game against Upland will be Friday night at Citrus College.

At half-time, the queen will be announced and crowned by last year's queen, Debbie Johnson. The new queen's name will appear in lights during a three-minute fireworks display with at least 55 fireworks. .

The celebration doesn't end there: The grande finale of the week is the homecoming dance on Saturday night, Nov. 6 from 9 p.m. to 1 a.m. at Griswold's Pavilion.

Alumni are the honorary guests at this semi-formal event and their tickets are $2 per person. Couples with an ASB card are $3.50 and those without an ASB card, $4.

Homecoming is always the event of the year at Claremont High. It marks the return of the football team to their home stadium after an away game, and it is one time during the year when graduates may return to their alma mater.

The student government, classes and clubs have been planning the event for many months and they hope the "Fabulous Funnies" will indeed, be fabulous, and fun.

McVittie, Stephens address PCC club

By SUSAN BERGMANN
Pomona Catholic

The candidates for the 65th Assembly District seat spoke to P.C. students this week.

On Wednesday, Oct. 27, Democratic Assemblyman Bill McVittie and his Republican opponent Clyde Stephens were the guests of P.C.'s Young Citizen's Council.

The political club is moderated by Mrs. Joanne Cottrell, with Julee Mikel and Sheila Boyd as main officers. Booklets were passed out before the assembly so the students could refer to them as the candidates talked.

On Election Tuesday (Nov. 2) the YCC will hold a mock election. Students had to register in their precincts (different sections of the school). On Tuesday, a voting booth will be set up in each precinct, and girls will be able to vote before or after school. The organization has tried to make the project as realistic as possible.

Friday, Oct. 29, members of the class received high school rings.

The class officers, Karen Douglas, Kathy Randall, Araceli Casas and Denise Fitzpatrick, worked very hard with the juniors to make the ceremony beautiful. Two banners were decorated in their class colors, brown, orange and yellow. The vestments used by the priests in the Mass were made by the juniors for a previous Mass and saved for this day. The liturgy and songs were chosen by the juniors.

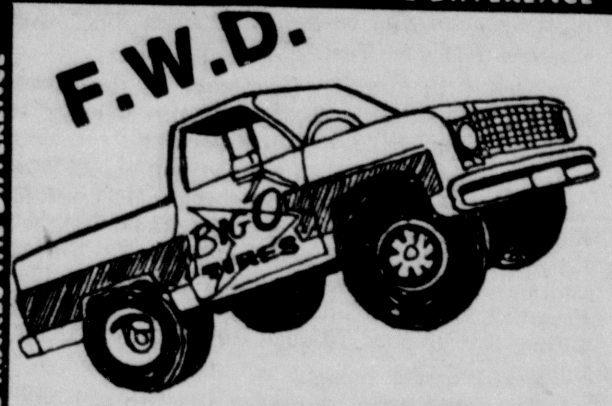

Local trio honored

Three students from Alta Loma High School have been honored by the College of Natural and Agricultural Sciences of the UC Riverside. George K. Helmkamp, associate dean, academic affairs, has announced the names of the Alta Loma students honored from schools in their geographical area. They are Elizabeth (Biza) Sorenson from Alta Loma in Chemistry, Jeff Anderson from Alta Loma in Physics, and John Rickey from Cucamonga in math.

These students will be recognized at a luncheon to be held on the UCR campus on Nov. 4. There they will be addressed by a distinguished scientist. After lunch students will have a chance to tour teaching and reserach facilities of the college as well as the opportunity to talk with the department chairmen and faculty.

UCR honors these students each year.

Diving film at Citrus

Stan Waterman, one of the nation's leading underwater photographers, will personally narrate his newest color film, "The Hidden Sea," in the Citrus College auditorium at 7:30 p. m. Nov. 16. Tickets are $1.50 general, $1 for students. Senior citizens are admitted free.

The film consists of three exciting underwater adventures in three different oceans stretching around the world.

In the first part, Waterman takes Peter Benchley, the author of "Jaws" to Australia to personally encounter the terrifying species of shark Benchley wrote about. The two men descend into the Coral Sea off the Great Barrier Reef and do, indeed, meet a great white shark.

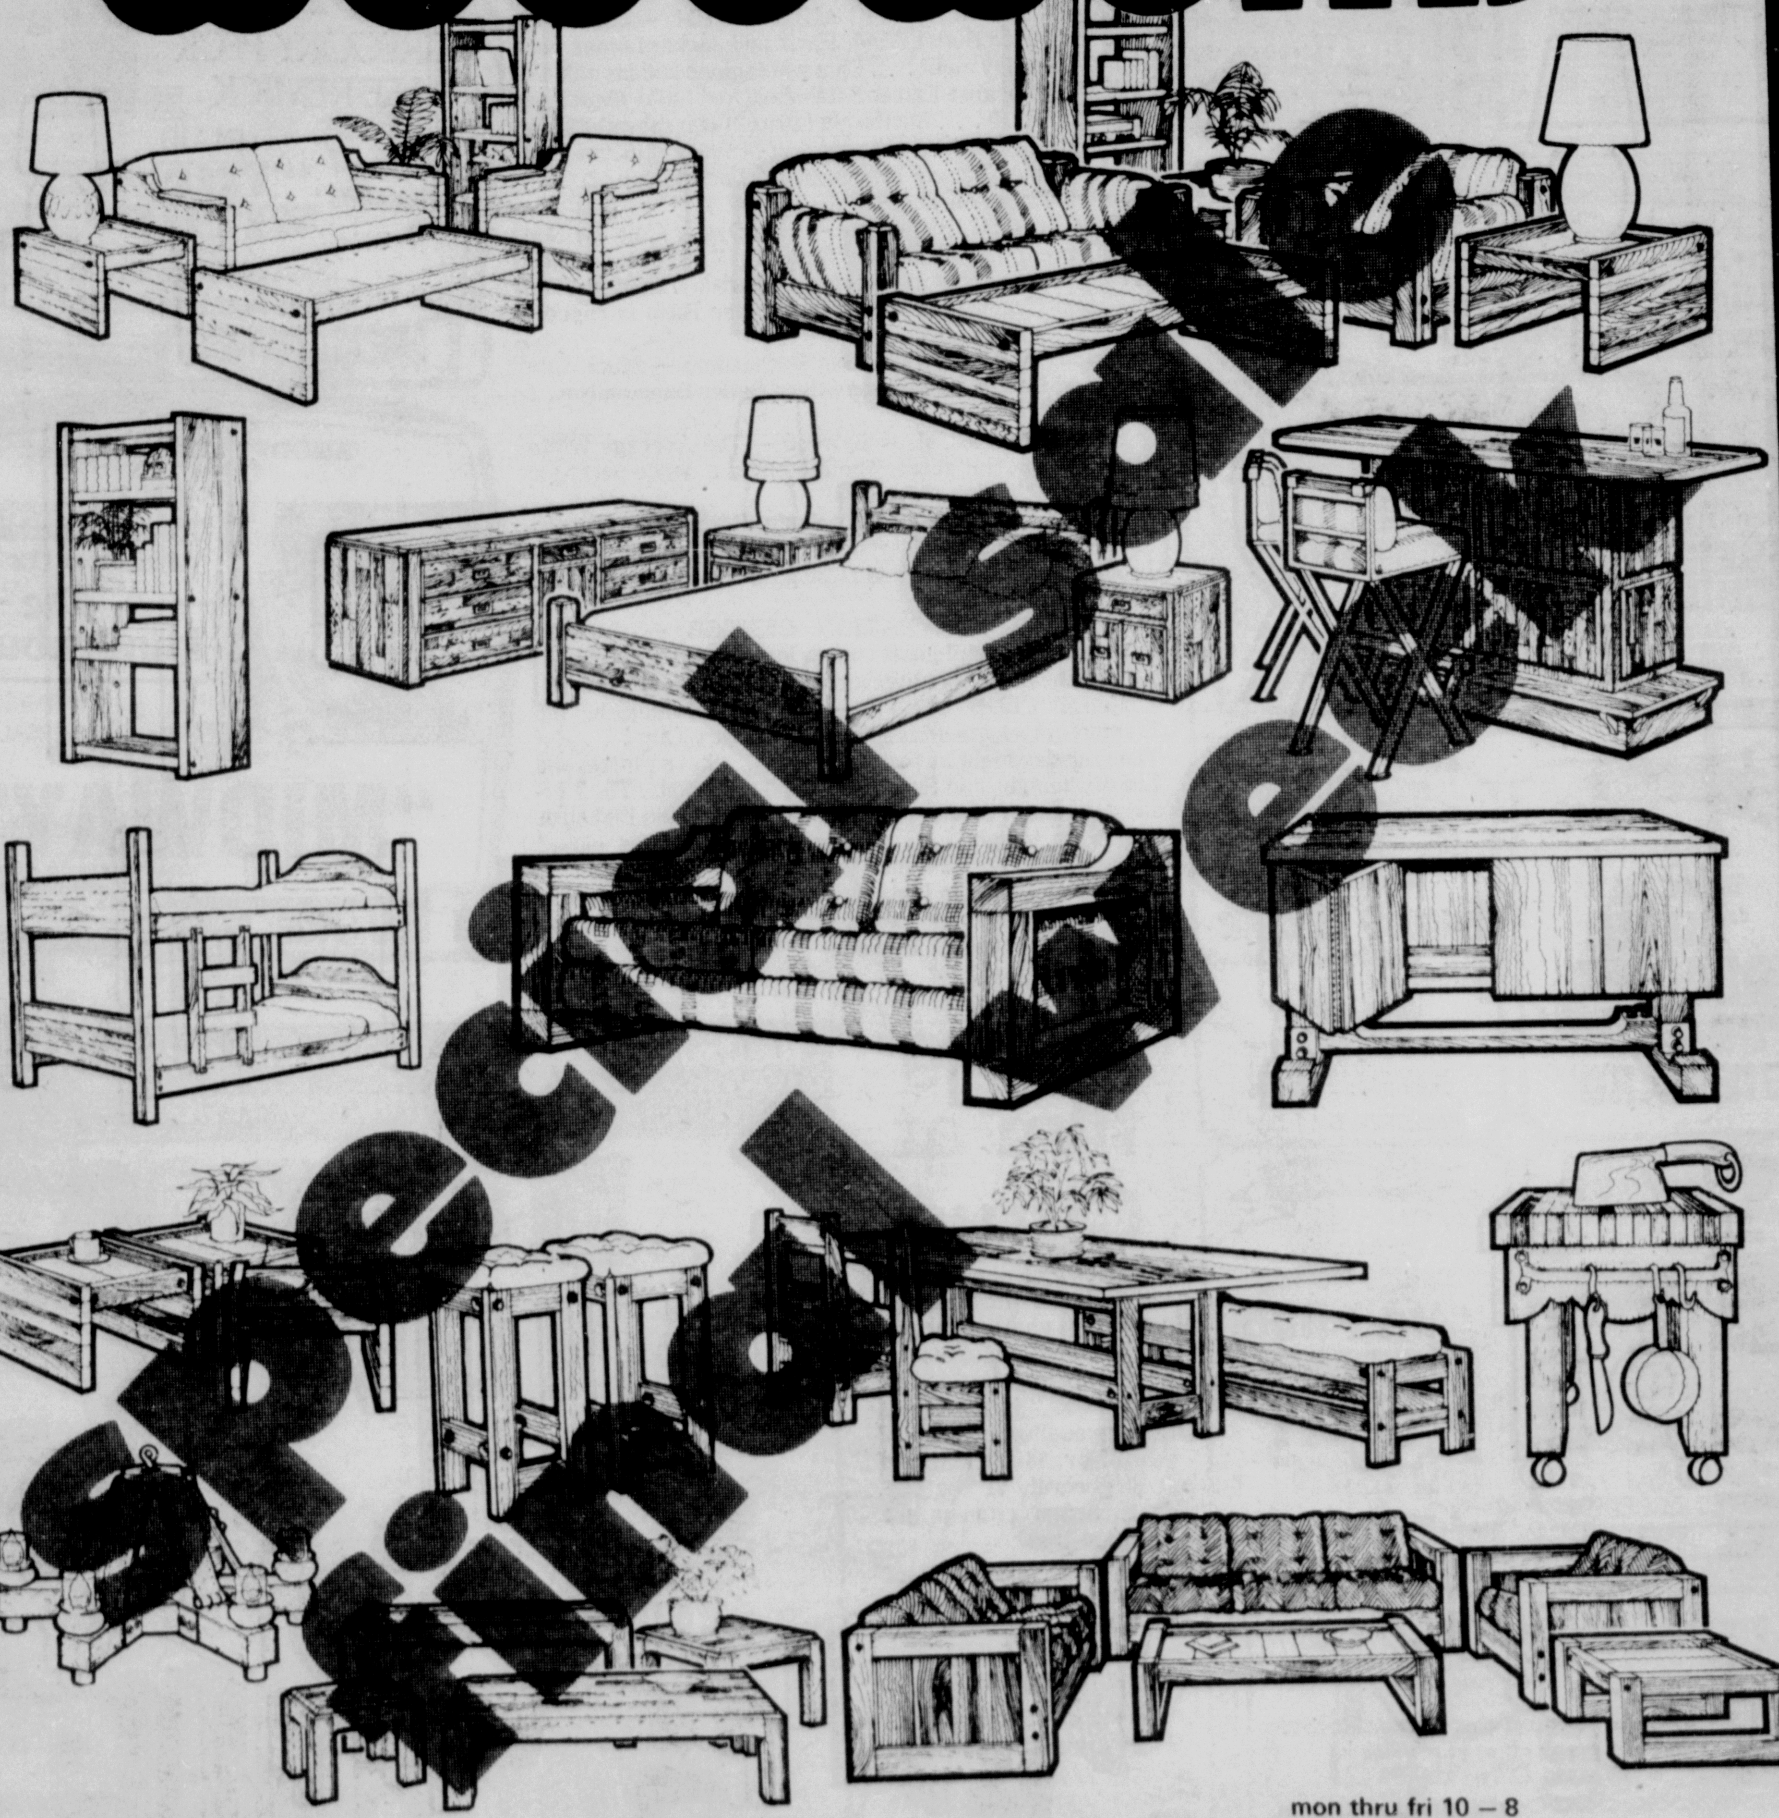

Next, Waterman and Benchley explore remote islands in the Bahamas and dive in waters never before explored from beneath the surface. A swim in company with a giant oceanic shark and films of neon-colored squid at night highlight this segment of the film.

News Release

Every home whether victorian, contemporary, traditional, country cottage, or "I don't know what it is but I like it" can be enhanced and made more interesting by the presence of an antique. There is something very exciting about blending the tastes of several generations into one beautiful whole. From lovely antiques we can learn to appreciate and admire the fine craftmanship of yesteryear while being remined of vanishing customs and lifestyles.

Most antiques, however, contrary to what many think, have present-day usability. If you have ever wondered howto please and accessorize these lovely old pieces in your home, we would like to invite you to attend a demonstration at Puente Hills Mall on Wednesday, Novemeber 10th at 10:30 a.m. and Friday, November 12th at 10:30 a.m. and 3:30 p.m.

Miss Jenice Freed, an interior designer with Harper's Bazaar in Anaheim, will speak as a special feature of theantique Show being presented in the Mall from November 10th to November 14th.

Miss Freed, from Westmont College and Woodbury University School of Interior Design, has researched the area of wall coverings, fabrics, draperies and carpets which coordinate with antiques in an exciting way. Whe will demonstrate how antiques can be used in every room in the home whether the style be sleek chrome and glass or cozy country homespun.

Why not plan to attend this demonstration and learn more about antiques. You may even see why so many people nowadays are excited about this "old stuff" and even prefer it to the new. This just may be the imaginative touch your home needs to be special.

Eileen Banshek, creator of THE WOODEN HORSE, is a member of Southern California Designer-Crafts. Her award winning rocking horses have been shown at Galeria del Sol in Santa Barbara, the Los Angeles Municipal Art Museum, and will be on display at Puent Hills Mall. Her interest in rocking horses was inspired during the building of a horse for a filmed version of "The Rocking Horse Winner." Her rocking animals now range from small children's sizes to a large adult-size unicorn. They are limited editions--each signed by Ms Banashek.

The Silver Dimension

at Puente Hills Mall, October 31

The Silver Dimension, a group of three spectacular young magicians and one gorgeous assistant, is rapidly becoming the most popular of magic acts in Southern California. They have appeared extensively in the Disneyland--Knotts Berry Farm area and elsewhere. Their act is an entertaining blend of magic of illusion, and mind.

The suave and debonair Rick Gross captivates his audience with his enchanting silks and flowers. His engaging smile and personality have particular effect on the ladies.

The cerebial Doug Kennedy provides an enlightening and mystifying demonstration of mentalism. His amazing ability to probe the minds and discern the thoughts of anyone is mind boggling!

The dynamic Kellough Price dazzles one and all with his superb display of technical perfection. His multi-faceted performance enthralls the audience with spectacular feats of legerdemain. The alluring Annette weaves the final thread through this tapestry of magic.

The Silver Dimension wiull be appearing at Puente Hills Mall for special Halloween Day performances Sunday, October 31, from 12:00 - 5:00 p.m.
